「ヤバいのは、外敵よりも内部崩壊」

(English expression ver.)

“Crisis” is not from outside pressure,  
but from inside rotten!!”

(Japanese expression ver.)

「ヤバいのは、外敵よりも内部崩壊」

「巨大隕石の衝突で絶滅した恐竜の話を別にする、我々人類の巨大権力は外圧によってではなくたいていは内部崩壊によって滅んでいるようだ。巨大ローマ帝国然り、巨大清王朝然りだ。

ほろんだ原因はたいていが公私混同によっているようだ。つまるところ二枚舌（ダブルスタンダード）だ。だから見かけと内実はあっていなくてはならない。それを見せかけでやると、つまり外見と中身があていないのにあてているように見せかけると毎日が疲労の

塊になる。内外行ったり来たりで休む暇もなく、つじつま合わせをしなくちゃなるからだ。しょっちゅうビクビクしていなきゃならなくなる。ウソがばれるんじゃないかと。今一つは毒を体内に入れないことだ。

これが入るといつの間にか毒が体内に回って身のうちが腐り果てる。

それまで健全だったものも、知らぬ間に腐っていく。

それが内部崩壊の一番の原因だそう。

毒は見かけ上、むしろ優秀で華やかに見えるし、耳障りのいいことばかり言うから、周りには騙されやすい。しかし気が付いた時には毒が体内に回って手遅れになりがちだ」

(English expression ver.)

***“Crisis” is not from outside pressure, but from inside rotten!!***

“Except giant dinosaur which was destroyed by the crush of huge meteorite to our planet, huge power of our human beings has been destroyed not by outside power but rather, inside rotten, looked like. For example, Roman empire, Shin royal room.

The cause of destroying has been almost public/private mixing. Getting jammed. In other words, “double standard”, therefore outlooks and contents is getting turned to be matched, getting turned to be equal”. In the case of that is dummy, in other saying, despite of no match, pretend to be matched, in this case, falling into, everyday will get turned to be series of tired. Because without interval, without rest time, for checking the contradiction between outlooks and contents going and returning, have done it (=clear, improve, retouch), the difference, so that they will get forced exhausted. Always they get fear monitoring eyes for their faky camouflage.

And first, additional important one is stopping “poison” entering in own body inside.

In the case of “poison” entering inside, without noticing, body inside will get rotten.

The guy who had been healthy until that time will get rotten by poison running inside.

Someone says that it`s the most main cause of inside collapse.

Outlooks of poison looks like rather, smart, gorgeous, well ass-kissing talker, so that arounds get easily faked. But at the time of noticing, it might be too late. So that already poison reached to inside core.”
