(Japanese expression ver.)

「もう少し、色々考えてみよう…」

(English expression ver.)

“Will think about it little bit more, from any angles…”

(Japanese expression ver.)

「もう少し、色々考えてみよう…」

「なかなかいい「解」が見つからないんだったら、うつ病から自然に抜け出した時の最初の手法、採って見たら？」

「最初の？」

「お前さん、言ってたじゃないか、「兎に角、うつ病にウンザリしちゃった」って。だから、ウンザリしている人たちを活かしてみたら？」

「例えば？」

「付度、し疲れ。機を見て敏なるキョロキョロ生活にウンザリ。とか、家での、ポチ扱いにウンザリとか。総じて社畜、家畜状態、オイシイ餌にありつこうと、常々、人へのご機嫌取りばかりして疲れ、ウンザリしている人。お金よりもこっちの方が「喫緊の課題」の人」

「ねえさん、お言葉ですが、ワテの喫緊の課題は、そりゃ何というても「ジェジェこ（お金の事）不足でんがな。そう簡単には「ウンザリ」なんて贅沢なこと言うて、おられへんですがな。何というても🎵花より団子🎵でおまんがな」

「そう言う意味じゃ、候補者って、意外や意外、先進国の富裕層の子供たちかも。ネパちゃんみたいに年がら年中「財布、ピーピー」クラスの人種じゃなくて…」

「なるへそ〜、一理あるかも…。流石ポホロ、結構スルドイ観察眼、着眼点」

「確かに彼ら自身、エリート予備軍なんだけど、親やその世界の人達見てて、その嘘としょっちゅう周りの目線や、上司の評価、支持率にびくびくしているのに、スッゴク不信感とか、逆に「不自由さ」感じているようなところもあるし。もちろん全員じゃなくて、ごくごく一部だけど…」

「増々、スルドイご意見…後は彼らがどの位ウンザリしているかの「ウンザリ度」の問題だろう…」

「ワテには縁のない話でんな。ワテなら、グッドポジションに生まれたら、それをキープする事をまず考えますがな。そんな滅相もない事、絶対に考えたりしない、思いますねん」

「大多数の意見はそうだろうな。🎵運が良けりゃ、運が良けりゃ、大丈夫🎵の替え歌風に🎵金さえあれば、金さえあれば、大丈夫🎵の固定観念、社会通念に長年縛られて、疑いもせず、そこから抜け出せない輩が多い。しかし、ポホロの発想はオモシロイ。もう少し、その切り口で、色々考えてみよう…」

(English expression ver.)

“Will think about it little bit more, from any angles…”

“If you no can find nice resolution out, however, trials of from so many angles, spending so much effort, so much long time, as an one of new trial, using a method of a first step at your former mental disease under unknown, naturally, was getting passed through out.”

“a first step at your former mental disease?”

“Hey you, Darling, you said “anyway, I got felt too much enough to own mental disease”.

From it, trying to get the above who feels it too much enough alive or not? “

“what do you mean, show me some samples, concretely.”

“A person type, who is getting tire out ass-kissing, getting tired of always standing antenna

up, monitoring round, the life style. A person type, who at own home have to behave as a pet dog, too much enough. Totally, we can say that ass-kissing pet dog for company, for family members, this type is for getting tasty meals, always continuing ass-kissing life force to them, so, so, exhausted, fatigue, tired out, worn out, thus the people, whose p more bottle neck point is rather than money issues.”

“Madam Sir, sorry for my against flag, my first concerning matter is just perfectly “lacking of money”!!, never can count new world matter first because it looks like illusion for me.”

“From it, correct perspective, correct target might be a hi-society class children in the proceeding countries, might be.

Because Nepali cook class always staying in money poor condition, so that your insisting might not reaching to his ears, you have the possibility!! It might be a waste!!”

“Hm, hm, it might hit the point!! Anyway, you have a nice perspective, Poholo!!”

“Certainly the children are candidates of elite class, however, while watching at their parents or around them staying people in their elite class, who has non-calming down behaviors, they might feel non-trust, might feel non-free, non-dynamic to them. Certainly, not all but a part of...”

“Wow, sharp!! And the core point is a part of their children`s “too much enough” level matter.”

“It is not my matter. If I was born on good position, first of all I will think about it how to keep, first. Above story, it is not mine, the matter, I will suppose.”

“almost of all people`s opinion is thus, maybe. “money come, come, lucky come, come”, the fixed thought, the fixed social common might force it, or has gotten fastened, from it, people without doubting, anyway started rushing, rushing for money hunting.

But Poholo`s idea is very interesting, so that I will think about it little bit more by using this perspective, and will check from any angles...”.
