「取り敢えず…」

「俄（にわ）かにニュービジネスをするたって、なあ…

今迄12年間も会社やって来て、考えつかなかった訳だしなあ…

そう直ぐに考えつく訳ないよなあ…

ひょっとしたら今迄にないような、名詞として存在しなかったような、ビジネスかもしれない訳だしなあ…

そもそも考え抜いて「是だ!!」って言う奴で、当たった試しない訳だしなあ…前評判のいい奴に限ってペケだったりするし。きっと周りに付度し過ぎて骨抜きになっちゃうからかもしれんしなあ。かといって周りの協力も欠かせない訳だし…悩むよなあ。

そう言う下世話な事を抜きにしても、むしろ関係ない時に、無意識にぼろっと出たような、半信半疑の奴の方が、イイみたいだしなあ…

どのくらい半信半疑なのか、分んないし、難しいよなあ…困ったもんだなあ…もう、時間も金（かね）もないというのに、こんな塩梅じゃ、お先真っ暗だよなあ…

まあ、食った気のしない、インスタ映えだけするブランドもんじゃないで、ノーブランドでも、広告費や都会に出店する為に発生する余計な所場代オンしてないで、しっかり作ってある好きなもん、がつつ、腹いっぱい食える方がいい様な気だけは、してるんだけどなあ…でもそう言った本音満足度って、儲けの額、最優先の今の評価尺度、外だしなあ…それにお金や数量換算だと、またぞろ今迄と同じで端から相手の土俵に乗ってなあい？」

「お前さん、何、一人でブツクサ言ってんのよ？、何、一人で小田原評定やってんの？歳も歳だし、優柔不断も優柔不断なんだけど、余りに独り言、ヒドクない、近頃？」

「シャチョ、♪ドレミファソラシド、どしたらよかんべえ♪でんな…」

「何と言われようが♪爺さん、困っちゃう～♪と、取り敢えずは…オチャメだけ言っておこう。慣れ親しんだ、忍法煙巻き（けむまき）之術を使って…取り敢えず其れしかあるマイ…」

“Suddenly, have to establish new business, it`s very doubtful to get in success…”

Until now, during 12 years term, I`ve operated company, but still not inspirate it, so that…

It no happen so easily inspiration coming out…

Perhaps, it might be a perfect new business which is until now no staying as a noun of occupation, might it be.

Originally, principally, after deep long time thinking, “that`s this one”, the case, almost of all no hit. Unless pre. success story ratio hi one, is no hit, the cases so many.

Probably to arounds, too much concern spent, so that original good, sharp point might get rounded, maybe, however on the other hand need other one`s supports. It`s contradiction!!

For example, picking it out, the commodity matters, it looks like, it might be better, the one, which is is coming out, out on schedule, unconsciously come out, doubtful one, the one is better in almost of all cases, looks like.

How much doubt level, I can`t measure, so that it`s very difficult for judgement.

Despite of the rest money, the rest time is very few, never can find the plan out. It`s very dark situation.

I suppose that rather more than not enough for stomachs, and their tongues, only enough for photo taking, the brand one, enough amounts, enough tasty actual satisfaction attached one which can have done it, from waste cost cut, for example, ad fee cost cut, famous place location cost cut, is better, I suppose. But thus true voice satisfaction is under current now, it`s out of target from evaluation measurement, for example, on earnings rank, p/l amounts … and measurement is from money amounts, quantity level matter, it`s just from the first, their evaluation measurement, will get turned to accept them.”

“Hey you, Darling, what about your complaining, boo, boo? What about your toss-pass catch-ball? Anyway, or from your hi age, or from your non making a decision natural, I don`t know the cause, but anyway recently, monologues too many or not?”

“Boss, me, hum, hum, is”

“By any attacks, will against them 🎵old man, is falling into trouble🎵 anyway say to them that, which is my usual skillful camouflage using. At least, at now, I have no other way, so that will put it, as a camouflage, tentatively…only one way which I can take!!”
