“Sales talks, a la carte”

(Japanese expression ver.)

「セールストークあれこれ」

「元々そんなに期待してない。望み薄だとも思っている。だから上手く行かなくてもそんなにショックじゃない。それで「元々ダメモト」だと言ってる訳だ。元々ダメだと思っているから失敗時の落差（ショック度）が少なくて済むという意味だ。

ダメだとは思いますが、他に手立てもないし、取り敢えず何かをやり始めてみよう…という感じだ。

これを成功体験しかした事のない人が聞くと「またカッコつけやがって」の反応しか却って来ないらしい。詰まり「体のいい負け惜しみ。しかし撒き惜しみは負け惜しみだ」とでもいいたいんだろう。

そう言う人は「初めから上手く行くのが当たり前」だと思っているんだろから、失敗した時のショックなんてわかりっこない。しかし実際に「初めて失敗した」時のショックは無防備な分、可成り大きいだろう。

ダカラ失敗を初めから見越している様な俺の言は「訳知り顔のカッコつけ」にしか聞こえないんだろう、本人が失敗をする前は。

処が自分が失敗をしたとなると大騒ぎをする。

「こんな筈はない。何かの間違いだ」と責任転嫁横振りの数々。特別扱いされていると思っていたのに特別視されていなかった事に「騙された」と言わんばかりに怒りまくる。

♪稼ぐに追いつく貧乏なし♪とはいうが、本業の稼ぎだけだと、貧乏に直ぐ追いつかれる事は皆、体験済み。其れで不労所得である株やFX、暗号資産なんかに手を出す。其れ等金融資産を含めると確かに♪稼ぐに追いつく貧乏なし♪になり易い事をみんな知っているからだ。特に現代では「成功体験」の過半が本業ではなく金融資産獲得で成功を収めた連中が多い。俗にいう Fire(=Financial Independence & Retirement Early)族だ。

で、真面目にこつこつ働くのがバカに見えているのが、昨今…

しかし、汗水流さず、手も汚さずに、スマートでカッコいいのには、気を付けた方がいい。

「ホワイトカラーが汚れるからいやだ」と泥臭い仕事には手を出したがりないのには…」

「今日はそう来たか！！ドロ臭いことこの上ないお前さんの売り込み方…」

「シャチョ、なんでもいいから、この店を売り込んで、チョ！！」

(English expression ver.)

“Sales talks, a la carte”

“Originally, not so much got expected. It`s very far to reach to the hope, also, I suppose.. from it, even if not well running, it`s not so shocked, not so much giving damage to me. So that I say “it`s the normal, final result not in success, it`s the starting time the same possibility.” Basic forecast was NG, so that at the time of not in success, shock is few, the meanings,

It`ll be not in success, I guess, even though no have other way, so that anyway will start something, like this sense, might be.

The one who had only experience of getting in success, listening to it, the one might say “again, he sets a stylish”, the reaction only get reflected, sounds like a.

Maybe, he might want to insist that the ones` behavior is only against pose. But it`s not true is his truth!!

Above insisting guy , he had no time to imagine of failure time, so that our defeated mind no can understand. but the shock which in the first time in failure might be so bigger than imagined until that time by the one`s own..

From it, my saying which sounds like of guessing final, also sounds like a “stylish behaving guy`s instant one” only, until own gets falling into failure.

But in the case of own falling into failure brings loud shouting!!

“It`s bad joke. It`s kidding me!!” like this, responsibility, passing it to others or through,

the several. Until that time, counting own special treatment, but it`s not so, the shocks brought him so angry as if betrayed.

“there is no existence of money poor which can catch it up, the getting earns.”, it`s generally said, sure that only earns from main business field might it so, but including until “financial assets”, can might got caught realizing the Japanese proverb up. so that all of them follow the FX, Market stocks, crypto assets, like these non working can get income, the income they try to get.

Especially in modern era, “experience in success”, almost of all is not from own main business field, but from financial asset gaining.

It`s called generally, “fire ” classes (=fire= finance independent, retirement early).

From it, working on forehead sweat, looks like stupid, nowadays.

But have to pay attention to the white colored cloth wearing guy who always escape from mud work, and try to no touch it.”

“hey you, Darling, today you come from thus corner!!, as a sales talk, attacking way!! you Mud (Mad) guy!!”

“Boss, anyway taking, this restaurant sales up!!” would you!!”
