「相反？そうなん？」

「今を去る事 14 年前の 2011/3/11 本日、我が国において「東日本大震災」が発災した。一瞬にして多くの人命や家屋が失われた。それ迄、安泰、不動だと疑いもしなかった生活が、一瞬にして根こそぎ持っていかれた。それ迄の己が善行、切磋琢磨の努力いかににかかわらず、突如何の前触れもなく、この理不尽、不条理が一瞬、瞬く間もなく起きた。

しかし、災禍は地震や津波だけではない。14 年の時を経た今、「経済災禍」に見舞われている。しかもこれは我が国固有の事象ではなく、今回は全世界的規模でだ。

為政者等のワガママによる人災だけでなく、気候変動、異常天候、供給網寸断などの天災（本当は是も人々の欲求とエアコン、車ありきなんかの生活常態が生み出した人災起因なんだが）、それも加わってのダブルパンチ状態だ。

こうなるとその影響範囲は偶々そこで起きた自然災害による単なる「他人事」「対岸の火事」レベルに収まらず、この「災害ミックス」で、全世界の各家庭の台所や一家そのものを直撃する事態になっているから大騒ぎだ。

一方、どの国のどの体制に依らず、一旦トップの座を得ると、選挙で選ばれているなら選挙が面倒臭くなり、選挙で選ばれていないなら、己がトップの地位の殺生与奪の権を最終を握っている「民」への「ご機嫌取り」が面倒くさくなり、王政やモノポリーに走り易くなる。配下の議員や役人も、外部環境の変動に左右されることなく「生涯、身分が保証さ

れるなら」こんなに願ったりかなったりの事はないから、ホイホイその考えに従ってしまう。或いは外されたら大変だという恐怖から、言いなりになる。おべっかばかりを使う。外向きにはおっかない顔してるけど…。

でも外では密かに、それ等全部の茶番劇を見て、自分らには何の恩恵も齎される事のない民がブチ切れ、インテリ・エリート層であれ、♫平家に非ずんば、人に非ず♫の権力掌握者であれ、そいつらをぶっ飛ばしてきたのが今迄の歴史が教える処だ。典型的なストーリー展開だ。

だが、最近新しく出て来た芽がありそうだ。即ち、今迄茶坊主みたいだった他の国の為政者達も自立自営、自立自尊しないと、こうまで自己都合で振り回されたん

じゃ、幾ら何でもヤバかろう」って言う芽が出て来たみたいではあるが…

いずれにせよ、ここで厄介なのが、表で発生している、そんなどんちゃん騒ぎ、チャカポコ騒動とは別に「弱肉強食（人口減＝人の食い扶持、口数減）と（環境破壊が止まる事で）地球様の存続（が可能になる事）との利害関係が一致している」という大状況が内在的、且つ普遍的に存在し続けているということなんだ。此の相反（そうはん）こそが最大の問題だと俺は思っているんだが…「成長路線はむしろ破滅への道」「本当にこの選択は正しいのか」という、ジャックナイフ的な問いを突き付けられている様な」

「相反（そうはん）？ふ～ん。そうなん？

埼玉県深谷市の音頭は♫そうなん音頭♫だっけか？

お前さんの嘗ての職場所在地で有名だった音頭って…」

“From now, in the past, 11th Mar. 2011, the day today, called “East of Japan huge disaster(東日本大震災＝pro. Higashi Nihon Dai ShinSai)” happened.

At the moment, so many human vital lives got lost, so many houses got destroyed. Until the time, they suppose to keep safe, can keep to no changed, however, suddenly got attacked, suddenly got all lost at the moment. Or good man or badman without selection, they both side got all lost. Like a unfair is fair, looks like.

Disaster is not only from nature disaster, earthquake or from “Tsunami” but also under current now, attacked by human disaster “of economy”. Not in our country proper disaster, but all over the world wide scale disaster. Not only human disaster which is made by politician selfishness, but also nature disaster which is made by abnormal climate, destroyed environment, supply chain cut here and there, but in actual which is brought by human disaster, AC must, mobile vehicle must, the life bring us disaster, I think. After it, now,

disaster of double punch here and there general people have gotten now, I suppose.

But above those directly attacking each homes` kitchen, or houses themselves get attacked, so that crazy panic happens.

Otherwise, in the case of the top who once settle on the seat for top in any nation, in any system. who is easily getting turned to be loving the condition of the seat. In the case of being selected by election, the top will get the election system turned to be troublesome time loss, in the case of the top who is under non election system, settling on the comfortable condition seat for top, also will get ass kissing behavior for people who have final rights of judgement for top turned to be troublesome time loss, both side top easily will get it turned to be, it means for example kingdom system, monopoly system.

And also, top`s children guys, technocrat officers, if this no election condition no get lost, it`s very very lucky, comfortable one, so that to say, "Yes, Yes, Sir", agreeing!!

Or if own will get marked out, from thus fear, all agree, yes, yes, yes, and ass kissing professional style taking, no against, vow, vow, vow only, even if to outside, terrible face wearing, appealing.

But on the street outside, while people watching at thus cheepy comedy show, they have noticed they no gotten any harvest, they have begun to get angry, will beat the kingdom, royal room down. it`s the historical typical patter, history suggests, lectures.

But recently, it looks like new sprout, coming it out.

Above new sprout is that until now, almost ass kisser, other country leaders looks like got changed it, with shouting, "stop vow, too much enough ass kissing behavior any more!!

Should have to get independent, guard own by own self, no need any more random heart of "me first" mind!!" looked like.

By the way, on other field happening the comedy, otherwise very strong difficult question staying, we holding it inside permanently, the trouble problem which is "weak the meat, strong the eat" (=natural population saving, reducing) tendency and our planet kept direction (=sustainability) gets matching, circumstance staying inside our society silently but we never can escape from this big problem. "strategy of growth, rather, walking on to destroying", "growth strategy selection, is it really correct?" thus jack knife question here. We should have to face above question directly!!"

"Hmmm, "One place, at the same time never can exists 2 "?" Is it so, really?"
