「どうなるだろう？って、ドウシマシヨ？」

Title: “How will it be? What shall we do?”

(For Japanese readers)

「どうなるだろう？ドウシマシヨ？」

「自分の考えている事は何の説明をしなくても相手は無条件に分ってくれているものだと思って疑いもしない。一方、相手に対しては、自分が常日頃見ている物の見方の反映であることに全く気付かず無意識に当て嵌めて相手もそう考えている物だと思ってしまう。

例えばそんなにタイヘンでもないのに大変だ、自分が一番大変だと常日頃言っているものだから、相手が大変だと言っても「どうせ口で言っているほどたいした事はないのよ」と言う様に。

結局、最初の話は相手に理解してもらおうという考えがまるっきりないし、後の話は相手を理解しようという姿勢が、コレマタまるっきりない。

どちらも自分があるだけで、ご本人には目の前にいる相手と言うものが存在していないにも等しい。

自分の都合一色。

相手に理解してもらおうとすると其れはとてもむづかしい事で一朝一夕にできるものでは

ない。大変な手間を要する。

同じように相手を理解しようとする、自分にとっては不都合な真実をも受け入れなくてはならない場合も出てくるから、コレマタ大変な度量がいる。

前者は面倒くさい。後者は、そこ迄度量を拡げるには、コレマタ大変な努力をしなくてはならないからこれも面倒くさい。

で、結局、前者なら「今の自分を押し付ける」後者なら何の努力もしないでも自分が優位を維持できるように「相手の足を引っ張って貶める」事になりがちだ。

世の中、手間暇かける事を反射的に忌み嫌う「お手軽簡単便利」思考の弊害がこんなところにも表れているような気がしないでもない」

「その考え方じゃ、効率悪くて商売に不向きでしょう？」

「今は、な。しかし人間、いつも同じところに居るとは限らない。その内、ものによっては、度を越したお手軽簡単便利が「実は退屈の元だ」っていう風になる時が来るかもしれないぜ。同じように度を越した安心安全指向が「ハラハラドキドキの欠如の元」だって事にも、な」

「オヤジ、その時機到来が来る前に、オヤジの店、滅んじゃっているんじゃない？」

「さあ、どうなるだろう？」

だが、遠回りに見えてその面倒臭い事をしないとウチの経営を筆頭に今の停滞感は改善しない気がしないでもないし」

「シャチョ、外暑い。お客さん外、出掛けない。お店までコナイ。

ドウシマショ？」

「どうする、家康？」 presented by NHK みたい、ね、オヤジ」

「To be continued. 続く、だ。この続きはまた来週、乞うご期待、みたいなもんだ、みのもんだ。」

「アチャ～」

(For English speaker readers)

Title: “How will it be? What shall we do?”

“They never doubt that all of others just understand without any conditions what themselves own are thinking.

On other hand, they never notice that it`s merely the reflection of their own usual thinking view, attaching it to others and they count unconsciously others` view of thinking is the same. One of sample, a person always says “ugh, ugh, it`s a problem, very big problem I`m holding any days!!” But in the fact not so problem, even if it a problem, it`s very tiny one, in other word, over decorative announcement, such a situation of himself , if others shout that it`s a problem, a person comparison with himself own problem shouting level, a person regard

others to that it's not so problem, as same as to call a needle to big stick the same, a person regard it, like this.

Anyway, above 1st story is that they don't have thought of from other side understanding, above later 2nd one is that they don't have behaviors of understanding other side standing situation.

Above both stories mean they hold themselves own only, no seeing in front of them real mode standing others' existences, the same.

Own convenient condition only.

It's so difficult to get their understanding for our side situation, condition. It'll take so longtime. It requires so much troublesome handmade crafting.

As the same above, while trying to understand others' side deeply, the case of uncomfortable truth will come out, the possibility holding, then the tryer should have been holding big minds for the truth accepting.

Above 1st is troublesome. Above 2nd is also troublesome because for getting big mind, they should have done mind wider and deeper efforts.

Then finally, for above 1st, answer is current own position pushing to others, for above 2nd answer is pulling others' legs back from under for keeping own current advantage without any own efforts, it will be likely to.

In this current world, there is tendency of meaninglessly to hate polite handmade craft doing on production side, but the bad aspect comes out from it, might be, I guess."

"This your concept is not matching for current business harvest because of bad performances, isn't it?"

"Yes, just now has been. But unless human stays in the same thought, then soon, case by case Over convenient and over easy is the source of current boring, they will be regarding the time might be coming.

Above case the same, the tendency of over relax and over safety is the source of lacking excited, I guess."

"But Daddy, before reaching the time, your business might be falling into bankrupt or not?"

"How will it be?"

But except taking hard way, although looks like long around way, we never can find out breaking through way from current dull mode, might be, I guess or more so on."

"Boss, outside heat. Customer no go outside. No reach to our restaurant.

What shall we do?"

「言い訳？」

Title: A explanation for escaping?

(For Japanese readers)

「言い訳？」

「皆、俺が「ゴールを定めず行けるところまで行けばいいだけだ」と言うのをどうもあまりよく理解していないってないみたいだな。皆、アンダーばかり想像している。アッパーだってあるんだぜ。ゴールを定めないからみんなが言うゴールから見ての未達は当然ない。だって行けるところまで行けばいいんだから。逆にゴールを定めないで行けるところまで行く訳だから、みんなが言うゴールに達して目標を達成したからそれでおしまいという事もない訳だ。まだ余力があって行ける処がもっとあるなら、ゴールなんて関係ない。もっと先、行けるところまでどんどん進む訳だから。

と言う様な考えから以前英語教室で「学校で教わる答と言うのが最高という事じゃないんだよ。もっといい答えがあるかもしれないだろ？」って子供たちに話したら子供たちはスゴク興味津々になったんだけど、次回から来なくなった。恐らく後ろで参観していた親が「余計な事を吹き込まれては困る。お受験に差し障る」と思って止めたんだろう。

親が学校で優秀だった人にその傾向が強いようだ。周りからちやほやされたもんだから、そ

れが唯一正しいとでも思ったのか子供にも強いる傾向がある。自分の示した道以外を子が歩こうとすると嫌う傾向もある。親がインテリの家庭全般に言える傾向かもしれない。インテリ家庭の大半の親は「毒親」だと俺は思っている。子供の為を思って何て、己の視野狭窄からの言い逃れだ」

「今日はそう出ましたかあ。自己正当化。出来の悪い子が親になってもバカパパ、の言い訳」
「シャチョ、ナニ、イイ之ワケの事、アルカ？」

「うんにゃ、昔、つくって言う歌手が歌った歌の題名が「言い訳」だったって、話」

「オヤジ、口から出まかせ出放題～」

「ソレナニ？」

(For English speaker readers)

Title: A explanation for escaping?

“Perhaps, it might be that everybody not so clearly understand what I said. What I said means that without fixing the goal, be going forward to as possible as you can, it`s enough, that`s all, is.

Everybody has imagined the case of not reaching to goal. We have also the case of going over the goal beyond.

Due to without fixing goal, then looking from goal which they named, exactly no case of not reaching the goal. Because we have no fixed goal but have limitless way as possible as we can go for.

Vasa versa due to not fixing the goal and limitlessly as possible as we can go for, then even if we reach the goal which they named, it`s not final, further beyond we have. If we hold stock power remained and more add on, we have the place as possible as we can reach to, fixed goal which they set is quite meaningless. Because we still have stock power and the place.

From this my thought, former on my English language class I lectured to coming children that unless the answer taught at school is best. We have the possibility of finding over the best answer taught at school out, can`t you imagine so? I asked children and they had excited. But from next lecture no children had come.

Maybe their mothers who had stayed seeing own children lessons stopped their coming because they thought it was very trouble to lost studying will at their schools.

The parents who had gotten hi scores on test at school looks like these tendencies holing. Due to their having over cherished and praised from arounds, they judged inside it`s correct way or not don`t know clearly, but these parents have tendency of forcing the same way to their children. And they have tendency of disliking what in the case of their children not taking the

way which these parents show, also.

It might be the tendency of all families whose parents from hi-diploma of universities.

I regard almost parents of hi-diploma families to poison-parents. "It`s for children, your own" is just escaping from limited narrow view of parents` own.

"Today, your card is such!! Own justify!! The explanation for escaping of that low score kid grown up to adult, but stupid Daddy, is."

"Boss, ex bra, ace keeping, what?"

"No, no. Not extra size bra nor ace position keeping!! But "A explanation for escaping" is.

Which was former famous Japanese vocal singer named "Tsun-ku"`s song name is, the topics."

"Daddy, you are broken machinegun talker!!"

"What`s that? Boss is gang?"

「ワガママ対応、ドウシマシヨ？」

Title: “For “My condition first” humanity,
what should we do?”

(For Japanese readers)

「ワガママ対応、ドウシマシヨ？」

「競争に乗り遅れたら大変だ。機会損失を犯したら大変だ。出遅れて出し抜かれたら大変だ。取り残されたらもう二度と元には戻れない、と言う恐怖から兎に角気まぐれな急行列車に駆けこもうと群がる。まるで投機筋のファンドマネージャーみたいだ」

「誰の話、ぶち上げていんの？」

「俺達の、だよ。期毎決算までにファンドへの投資家に対して何が何でも最大成果を出さなくちゃならない。だからずっと持っていた方が、明らかに結果がイイ事は分かっているながら投資家への決算報告のリミット圧力から売りたくなくても売り、買いたくなくても買う。納得がいなくても投資家との契約上、売り買いせざるを得ないので、仮に失敗したときの言い訳用に必ず売買に踏み切った合理的理由を常に探している」

「そう言えば以前、素人投資家の最大の強みは決算期に縛られないで済むことだって、聞いた事があるよ。売買に参加しないで寝て待つ「長期保有」と言う選択肢を持っている事がプロに対しての最大に強みだって。「プロにお任せ、信託投信」てアレ、却ってヤバイんだよって」

「そう、却ってそっちの方が、ヤバイ場合が結構ある。プロってある意味作為、図り事の塊、

トークポジション、色眼鏡の権化だから、却って客観的じゃなくて目が曇っている場合が多々あるのよ。

それと証券会社の担当者が幾ら顧客サイドに立っての事とはいえ、お客さんの立場に立ちすぎるのは却っていけない場合の方が多いのよ。顧客の意向ベッタリになり過ぎて客観的目線を失うから。担当者の誠意がむしろ大損を招く結果を産むという皮肉な結末の元になる場合が散見されるのよ。最終的にいい結果を出したかったら、取っ付きと途中は、嫌われ役になった方が結果、オーライの場合が結構ありそうだが、上得意のお客さんほど腹立てて担当者的上役に「投資家の気持ちに寄り添えん様な担当者は他の担当者に換えてくれ」ってねじ込まれそうで、恐らくはそんな事、担当者は絶対にしっこない事も、コレマタ事実だろうが」

「じゃ、投資家自身が覚めてなきゃいけないって事？でもオヤジの話には全般的に無理があるよ。我々そんな風にできてないもの。一般的な人情からすればNGだヨ」

「だよなあ。人間ワガママだからなあ。さて、ドウシマシヨ？」

「シャチヨ、私のオクサンもワガママミッタイ、ドウシマシヨ？」

「個別案件は、お前に任せる」

(For English speaker readers)

Title: “For “My condition first” humanity, what should we do?”

“To miss the race is problem. Lost opportunity is problem. Standing behind on the race is problem!! Got left makes never return to former position. Such fears force people rushing into the doors of chu-chu express train. As if it looks like fund managers on Wall Street market!!”

“Concerning to whom story, you are speaking up?”

“Concerning to us, is. Fund managers owe the duties that by the deadline of each period on fiscal reporting, they should reach to the target from investors` requirements.

Then they already have known while waiting for so long time without holding stocks sell and buy being better, because of pressure from reporting time limit coming closer to their investors, they fund managers sell and buy repeatedly.

Even if fund managers don`t accept investors` one side request smoothly inside, due to concluded contracts with investors, they should sell and buy, from it, they before selling and buying at once always try to find reasonable causes for judging of investments out for explanation to investors on reports.”

“By the way, former, I heard from someone that the strongest point of amateur investors is not having the X-day of reporting date for investors own. And heard from him that one more the strongest point is without joining in sell and buy game, having the rights of holding stocks

so long time and can select the timing of selling or buying. “You can depend on all to professionals that`s called Trust type investment” is so dangerous!!”

“Yes, such rather dangerous cases so many. On other hand professional means a solid of dummy, faking plan and the top of talk position, colored eyeglasses wearing guy, then due to it, so many times cases professional guy`s eye is unseen, unclear there, not objective.

And the charge of customer reception section in the securities, although they stand on customer side, too much closer to customer side standing is worse than keeping distance, such cases so many, at the time rather cool eyes(stance) needed, I think. Because over coming closer standing to customer side will invite the possibility of lost objective eyes.

We have so many times noticed good faith of a charge of customer reception will rather bring big loss, good faith causes big loss, the case.

At the final, if we hope to get good result, at the beginning or on the way running, rather performing against player, will can get good performances on customer investment it seems to be, but the charge one taking such behavior, it` likely to that rather VIP customers will complain to the charge one`s boss like this, “Change current charge one to other, because of who never can stand on customer side one!!” will be rejected, then the charge of customer reception never take such a behavior, is the fact also.”

“Well, then a, investor own should have cool brain, hasn`t it? But generally, Daddy`s story holds little bit hard way to get consensus, I guess. We never consist of such concepts. From ours, it`s NG. never can accept!!”

“Exactly sure. Human is one side standing, one way pushing creature!! What should we do?”

“Boss, my wife is also above. What should I do?”

“Concerning to each case, all depend on you, take it from your side!!”

「一緒にいるなら、外国人？」

Title: “A partner, never Japanese?”

(A photo D/L from FB site, unknown co-pilot for me. This story`s image character is.)

(For Japanese readers)

「一緒にいるなら、外国人？」

「誠に失礼だとは思いますが、見るに日本の 30 歳の男子は大人かどうかという点で見れば外国の 15 歳より幼いし、日本の 30 歳の女子は外国の 60 歳より気持ちが老け込んでいる、と言いか老獪。この 15 歳と 60 歳が適齢期と言う社会慣習だけで結婚するんだからおおむね上手く行きそうもないのは理の当然の様な気がする。因みに 70 の爺さんなら幼稚園児、60 の婆さんなら 120 歳の妖怪砂掛婆だわ」

「また、そんなヤバイ事言って、後、知らないよ」

「シランかどうかは、其れこそ知らんが、未婚率上がって当然の様な気がする。因みに俺は再婚するなり仕事をするなり、一緒にいるなら外国人と、だろう」

「シャチョ、任せるアル。ダイジョウボ。外国のフレッシュウーマン、マカセナサイ之事」

(For English speaker readers)

Title: "A partner, never Japanese?"

"I think it's very sorry for my saying, it seems that Japanese 30 years old men, their level is more kidding than foreign 15 years old boys. And Japanese 30 years old women, their mind level is much more dry-aged than foreign 60 years old aunts, in other word be called witched. Merely due to social custom which is called "just period for marriage", although these 15years mind kid and 60 years witched marry, almost such way married couples` condition is likely to go bad, it`s principal, might be, I guess.

According to additional observations, the case of 70 years old guy`s behavior seems to be kindergarten kid, the case of 60 years old aunt`s behavior seems to be 120 years old terrible witched magician, is."

"OMG!! Such a comment will invite big trouble in our country!! I never can support you."

"But I think it seems to be true from my total observation on so long time. % of unmarried up is common, I think. Then if I will marry or co-have jobs with someone, it`ll be foreigner."

「一個も間違っちゃいけない。だから一個も間違っていないように見せかける。立派じゃなくちゃいけない。だから立派のように見せかける。カッコよくなくちゃいけない。で、コレマタカッコ良く見せかける。全部底上げ。高下駄履かせて不安定この上ない。誰が一体そんな馬鹿な事を決めたんだ。これじゃあ、息がつまって窒息しちまうだろうがヨ。不安定でいつも冷や冷やオドオドしてなきゃならんだろうがヨ。一時も気が抜けず、草臥れ捲りだろうがヨ、アホンダラ」

「誰に吠えていんの？俺にほえられても困るんだけど」

「民は SNS でリア充ゴッコ。会社はコスト過小申告、売上過大報告の粉飾ゴッコ。マスコミやお上にインテリ夫婦は、言うのもばかばかしいので止めておくが、もういい加減「期待される人間像」とか「あるべき姿論」なんて言う小ツマンナイもん、止めたらどうなのよって。生身の、我々一般ピーポーがどえりゃあ迷惑被りまくっているでにやあのよお」

「そういやあ、ちょっと角度変わるけど、SNS で意気投合して即結婚。で、余りの聞くと見

「もうそろそろ何処の SNS がいいとか、何処のサイトがイイ、とかじゃなくて、もう SNS もサイト自体も「もう結構」になりつつあるんじゃないの？そろそろ肩書、ランクの名詞文化から「～をしています」「～をやります」の動詞文化にシフトしようとする芽、出て来ていない？まだほんのちいちゃな芽だろうけど」

「俺達 30 歳代にはないよ。今の 10 代 20 代前半位までのごくごく一部にはひょっとしたらあるのかもしれないけど」

「今が余りにグチャグチャだから、逆にその下地は十分な気が俺はする。殺生与奪の権を自分側に持とうとする奴。動詞で名詞に切り込む奴。高下駄履かずに身の丈ジャストで動く奴」

「今日は其処に我田引水かあ。懲りませんねえ、相変わらず」

Title: “On walk, sneaker the best!!”

“Never take only one mis, keep perfect. Then pretend to be. Should be great. Then pretend to be. Should be nice guy. Then wear a form around, also.

All wearing hi heel shoes the same. Then balance controlling is very difficult the same. Who made such decision for stupid custom, tendency? Who has been the influencer? If it never be improved, it'll invite death from breath lacking. Being unbalanced will bring meaningless concentrations for tiny gadget matters (=pose making). Although no have time to relax, may be exhausted. Don't be silly, stupid!!”

“To whom are you roaring? It's troublesome for innocent me!!”

“People on SNS site pretend to be full of life, the performance. Big companies pretend to good SGDs and excellent company, the performance.

As social media, public officers, politicians, knowledge class masked married couple are more typical, maybe no need reporting to you, I eagerly recommend to a stop of the discussion concerning to “expected human style” or “the logic of formation which should be required” like the left stupid waste talk-battles, because our general people have been covered by very huge troublesome.”

“By the way, Although I`ll take a little bit different angle viewing, I`ll show you 2 or 3 episodes below.

On SNS site visitors to each other just matched opinion, feeling, hobbies, then at once got married. But just after it, noticed the terrible difference from between on site and real, outlook and contents, before and after, the got shocked to each other, at once got divorced.

Or for taking fine shot on “Instagram” the visitors came, but after taking photos, without eating their ordering ones returned, like these cases, I have heard so many times.”

“Will come soon opinions that nor which SNS is better nor which site is better, not that, SNS, site itself is too much enough, it has become or not? Has become very ordinary commodity gadget?

Will come soon that the culture from noun, as samples status emblems, given ranks, to verb, as samples, “have been doing”, “will doing”, such sprout trying to shift has come out or not? Still tiny yet, might be.”

“Our 30ies generation no have. But perhaps very limited part of now a day teenagers or Half A of 20ies have possibility of holding.”

“Because now a day world is so jammed chaos, vasa versa background for improving is very enough and full, I guess. The guy of trying to hold the rights of own destiny by own decision. The guy of trying to attack to noun advantage culture by verb culture. The guy of trying to walk by own naked foot without wearing hi-heel shoes.”

夏の気温が高くなかったこともあるが、その扇風機さえ贅沢品で、大抵は団扇とか打ち水とか風鈴の音色で暑さをしのいでいた。後は子供の特権としてお昼寝かな」

「何ヨ、いきなり。オヤジは昔の思い出に浸れていいのかもしれないけど、エアコン当り前で生れた俺には、その道連れ、エライ迷惑なんだけど」

「何ヘンな事に感心していんのヨ。この暑さを凌ぐのが第一優先でマーケティング的な感想ぶちかましている場合じゃないでしょうに」

「そう言えばこの前テレビを観ていたら、子供達の蚊取り線香手作り教室を開催と言うのがあったが、その開催主旨が「子供達への香道文化伝授」だってよ。ナニソレ？蚊取り線香って実用品じゃないの？今でも？少なくとも俺には実用品よ。何かカッコつけているんだろう、って思っちゃったヨ」

Title: "Hidden, our family only info, avoiding way from heat and cold?"

"Only mere lack of AC, I have feeling of return to childhood, it`s very fun like a time slipping for me. In my childhood, exactly no had AC, more on Car and Color TV set, but fun of it was so, so. AC is so far and far, like on heaven no reaching. In our family one electric fan only.

Although surely at the time summer, temp was not so hi comparison with current summers, but at the time even electric fan was luxury goods, usual time we used for saving heat with manual fan or not direct cooling one, used showering water on the road or glass bell which is ringing cooly hi tone sounds by breathing of wind. And additional, as a child extra rights, daytime short sleeping, might be.”

“What happen, suddenly? It might be well while having nostalgic time, but for me who have been familiar with AC from my born, I hope to reject nostalgic trip with you.”

“For saving heat, although open windows, doors to invite cool wind from outside, on opposite at the same time invite flying insects, then former I went to buy mosquito killer rolled medicine to 7-11 convenience store and for check up at the cashier when I handed it over to staff of convenience store, the staff said to me that oh, it`s rare one!! with surprising. But I was also surprised because at convenience store on show-racks, although competition to get space to each other has been hard, very rare old type mosquito killer has been holding space. Maybe my unknown demand still stays.”

“Why some you got interested in something strange!! Avoiding current heat is first advantage, marketing lecture is not first advantage case, isn`t it?”

“By the way, former while watching TV program, although on it rolled mosquito killer handmade class for long summer vacation children programmed, but its concept of open the class was titled “Batton relation of Japanese fragrance to children.” What`s that? Rolled mosquito killer has been current commodity, hasn`t it? At least for me, it`s present commodity!! What makes the strange style!! I thought.”

“Ok, ok, I understand your story. But it`s better how to get the money for repairing AC, really!! I think.”

“Although Grampa set very rare extra type AC, I never can find repairing parts out and added why some no space to set AC on other walls in our house!!”

“Then a, what should we do? From my eyes, you two generations quite bother me!!”

“Hidden, our family only info, avoiding way from heat and cold, you know?”

“You already have an answer, from the first show me!! Very dull!!”

“The answer is to concentrate something and lost own. In my case, our business is not well running, then from thinking about break through way with concentration, I can avoid heat and cold naturally., by lost own from concentration.”

“Daddy, will come soon they throw you away, from any fields in this world!!”

“Boss, curry spices cost very hyper up!! May I order to them?”

“Yes, yes, just it is!! It`s the best way to avoid heat summer because of get frozen by fear!!”

“What? Boss!!”

“While watching you, Daddy, me also got frozen, like a pc freeze!!”

「オヤジ、生まれた時からついてなかったって言っていたから、ごくごく自然な成り行きな

「でもないのよ。俺の前 3 人流産と死産だったらしいが俺は産まれたし。生後何か月かで後 30 分来るのが遅かったら助かりませんでした、って医者に言われたらしいがそれも何とか助かったし。その後 7, 8 回死にかけたが、其れも一応全部クリアーしてこの場にいるし。案外ついている、のカモヨ」

「俺は産まれてこの方便秘になった事がない。暑いから快眠は無理だが、快便は日々変わる事なく続いておる」

「相変わらず凹まないお方だわなあ」

「生まれた時からついていなかったからこそ、凹まずに済んでおる。いい目ばかり見ていたら、一回の不遇で、凹んでしまう。何が幸いするか分らんのが世の中ヨ」

Title: "It`s lucky rather than no see the blue bird anytime until now?"

“Because of perfectly shutting windows and staying AC running rooms, they might be never noticing outside hot or cold and no hearing cicada crying. Or tiny dragon is running here and there for seeking cool shadows, or caterpillars burned out from strong sunshine on the road.

And once more using “because of” open windows, door, inside house or named “golden insect” flying, or named “one hundred legs caterpillar” moving on the carpet, or with large cockroaches flying from outside catching eye contact, due to lights, although outside insects coming inside, except lighting stand on my writing desk, as possible as I can, switch off other area in the house. But for breaking through it, coming insects, I always should carry medicine contained rolled, mosquito killer anywhere in the house. Although in this year I’ll reach to 70 years old, why have I lived in such “many other creatures living apartment” with them? Why?” “Daddy, you have been unlucky from your born you always says, then it’s natural going along way, isn’t it?”

“Not so, so. I heard from my parents that before my born, 3 elders no coming out to this word. But I have been coming out to this world. And I also heard from my parents at the time of several months past after my born, they were said from doctor that if 30 mins got delayed your coming, this baby will never be rescued. But I no die, be rescued.

And after it, in my life several times have been standing almost at the edge of death, but also all have cleared and anyway have been staying here now as you are just looking!! Perhaps it might be lucky rather than be called unlucky from arounds.”

“But such this situation coming after clear by the most luck case taking, for what your several lucks series? Just now you are the guy who is called “like a department store so many samples of unhappiness holding”.”

“Hey, kid, why do you take so conscious careless talks for me? A?”

“Because so hot, very dull and boring, then unconsciously rush into kidding you for my stress stocks off as the easiest way.”

“Ugh, ugh, ugh. A, A, A!!”

“Daddy, such Ugh, ugh, ugh, A, A, A, series with loud voice, we have possibility from neighbor madams will be asked “Your Father so long time holds hard ball constipation?”, then it’ll be better to reduce ugh, ugh, A, A, roaring times, I think.”

“From my born until now, I never hold constipation!! Because of hot, it’s difficult well sleeping, but hard ball well done running to outside is everyday nice result!!”

“Always no raising white flag guy!!”

“Due to have been unlucky, I can keep no raising white flag any once. If I have been lucky, once unlucky case happens, I might be sunk down. What’s the lucky, no one knows is this world truth.”

“Boss”

“What?”

“Nothing. Only calling, is”

“🎵Over the mountain beyond, so far under the sky, it’s called blue bird living🎵 They say

that, but for our family looks like out of such samples.”

“On the way series wins is rather disturbing final win. Last one once can get a win is enough.

If at the final stage never get the win, it`s the no option. No option is correct answer.

Which way we will take, it`s the limited one within human world, comedy performance. Then no need making it up. Let it do!!

Let your loving do(=let you do your loving), that`s enough all, I think.”

”Every time like this, Daddy’s closing is out of this world one.”

「動物みたいネ」

「俺の親父は三男坊か四男坊だったから結構ほったらかされていて好き勝手に出来たみたい。俺も本来なら第四子だったんだが、この前話したように上3人が死産や流産で他界しちゃったから図らずも長男に躍り出ちゃった訳よ。先ず是が第一の誤算だわ。長子って親も初めての子だからイマイチ育て方が分んない訳よ。それで畢竟大切に育てすぎるくらいがあるし、一方では長男で世継ぎという事もあってか矢鱈、子に対する要求度が高い訳なのね。一刻も早く親の優位点の結晶コピー、作ろうとして」

「第一の誤算と言うからには第二の誤算があった訳でしょ？」

「是は、コレマタ図らずも大会社に入っちゃった事だわ。最終面接で学卒の役員全員が猛反対したのに、尋常小学校卒の社長が「面白いから採れ」って妙な事になっちゃって。大会社の社員というのは、みんな優等生出身だから褒められこそすれ先ず怒られた事なんてない訳よ。そんな連中から見ると俺がけちょんけちょんに言われるのにあまり動じてない様子が理解不能だったミタイ。「何で平気でいられるの？」って。俺にしてみれば家じゃ「馬鹿かお前は」の質問攻めだったし、アルバイトすれば「社会のお荷物」と陰口叩かれてばかりなような暮らしだったから、怒鳴られても「いつもの事だわ」位で「よく平気でいられるね」もへったくれもない訳よ。常態だったんだから」

「なあんだ、自慢話連発かよ。つまんねえ」

「イヤ、本編は是からだ」

「なあんだ、結局自慢話じゃんかよお。耳傾けて損した」

「やっぱり図らずものオイシイ話で踊っちゃダメね。不味くても自分の素性を弁えて、それに素直に従った方が長い目で見れば、いいような気がするヨ」

Title: "Like an animal."

"I heard from My Daddy that as he was 3rd or 4th born boy, then freely grown up, seems to be. Although I `m originally 4th born child, but former I already told you that from 1st to 3rd series died before coming this word out, then not plan but has become 1st son. Anyway, it`s the first misleading.

Although the 1st kid is, for parents also first experience, then they don`t know how to grow kid up. From it, it has tendency of over cherishing child, and on other hand, because of that first born kid is first rights holder of parents` asset handed over, then parents get in panic A.S.A.P. their superior points should copy to their first birth kid, from it, parents` requiring level from the first, so hi up."

"You said 1st misleading, then from it, you have 2nd story, haven`t you?"

"2nd misleading is also not plan but got employed by extra huge scale company. For entrance company at the final interview, other officers graduated from university strongly against, but CEO graduated from elementary school judged "Ok, he is interesting guy, take!!", then employed. Not planned story started.

Excellent company's staffs are almost good boys and girls at the schools and homes, then always be praised but no experience to be scolded. For such them, it looked like never can understand I had been flat and not upset although me got so bashed.

"Why can you keep flat?" They held like this question. But from my experiences, at our home, always asked from my dad "Are you idiot?" In the student era, at routine work part time job place, other staffs called me secretly "waste big eater", "salary thief", "lightening house in a daytime". Always like that, then even if got scolded, I accepted it's as usual. It's not extra one but quite normal condition for me."

"Oops, own ad series!! Boring!!"

"No need disappointed. Main story from now."

"Main story?"

"Yes, but it also not be planned but in the result of that kick other soft-landing type proposal out, push my sharply planning proposal through, that one series hit chart on. From it, my status rank got up and up. Got top runner on the rase within colleagues, was.

As it happened fall into thus, human easily hold private success story, only for own convenient story. Get status upper and upper!!

Then a from it, human starts to monitor other ones' reputations, position rank markings. Under unknown, until that time before could hold the rights of own leading, lost and shifted to others, rank decision making side. My owner is not own but others', then lost free hand space or allowance. In other word, like a rheme duck, marionette, fished up fish. Vacant!!

At the final, because of it, mental sick appeared and wondered 12 years period. But it was good noticing it, misled one. After stepping rank rase out at the company, easily mental sick got disappeared and smoothly got recovered."

"A? Finally own show up story? I have spent waste time."

"Anyway, as it happened coming out candy story easily picking up never. Even if not tasty, following own natural will be better, from long span view, I guess."

"Boss, what's the natural? Your natural is just pervert only, obviously!! Other natural never!! From my long span view, is."

"Daddy, your natural already open for all. Somehow you, Daddy, your natural is similar with not human but animal one, seems to be, sure, sure."

「流行りにはやって、スカ取るな」

「目先の事に目を奪われるな、とか木を見て森を見ずとか尤もらしい事を言っているが、何の事はない、言っている本人がその轍をそのまま犯しているケースが多い様な気がするよ。

俺が若い頃ダブルインカム・ノーキッズ、略して dinks というのがメディアで盛んにもて囃されていたが、結局是も目先の事に目を奪われて木を見て森を見ずの典型例の様な気がする」

「dinks?聞いた事ある。今はその言葉死語だけど、所謂パワーカップルの基本は今でも変わっていないんじゃないのかな?マスコミが使わないだけで本質的にはそのまんま。でもそれがどうして目先の木しか見ていない事になるの?イマイチ繋がらないんだけど」

「お前今、マスコミがボンポコ生み出す無責任極まりない単語群の一つ、パワーカップルって言葉使ったけど、要するに高学歴層インテリちゃんの世界の話なのよ。俺たち貧乏人は金がなくて他にやる事ないから「貧乏人の子沢山」状態だろ?」

「相変わらずどうもオヤジの話は回りくどくていけないよ。まずは俺の質問に率直に答えてよ」

「いつの世もそうだが、インテリって天上天下唯我独尊的傾向があるのよ。古今東西、中島みゆきのヒットソング「時代」的に言えば♫現在過去未来♫的に」

「ウ!!」

「要は今の自分達さえよければ、なのよ。後世の事、下々の事など知ったコッチャナイ、な訳。確かに一時だけ見れば羽振りがいい訳よ。二人で稼いだ金、子供いないから自由に使えるし。しかし長い目で見ると其れは一生に稼ぐお金を前倒しで稼いでしまっただけ、マーケティング的に言えば「需要の先食い」でしかないのよ。自分の子かどうかは別にして少子化で後代が減れば、年金は現役世代が払う税金の中から拠出される原則上、母数減分、受け取り年金額は不安定になるよな。詰り退職後の生活原資が不安定になるから先細りになり易い訳。昔の羽振り、今いづこ?になる。しかも此の層の特徴は後代を育てないのよ。自分達の天上天下唯我独尊、羽振り良き生活を危うくする後代の芽をいち早く摘む傾向が多々あるから」

「其れ繋がり?」

「増税前の駆け込み需要狙いでディスカウントする。確かに一時売上は伸びるが祭り終了後はパッタリ売れなくなる。増税が2%でも其の前のディスカウントが10%なら、買う人から見た増税額は2%じゃなく10+2の12%に見える。株式投資も同じよ。短期集中売買より長期保有の方が増加率は少ないが、一定額投資で、高値の時は少なく買い、安値の時は多く買うドルコスト平均法で投資をすれば10年後には確実に10%は資産が増える。その事を「目先の事に目を奪われるな」「木を見て森を見ず」になるなど書いている当の本人が自分への教訓としてとらえず、職業柄しり得た先取り情報を使って裏でインサイダー取引なんかに出しているから、いい加減にせんかい!!とも言いたくなる」

Title: "Stop get in panic, never take vacant!!"

“Look at beyond or only look at one wood, no see forest”. wood, no see forest, never!! Like thus conceptual talks so many, but almost them are dummy level. Because the talker itself no understanding, and has done the same mis, might be, I guess.

In my youthhood, “double income no kids” shortly “dinks” the word had been running on around media, but on summarized it`s the same as above, “no look at beyond”, “look at one wood, no see forest”, I guess.”

“Dinks? I have heard it. Now a day Dinks the word is dead, but the base of current word “power couple” (in Japan used) is not changed, I guess. Current media no use but the origin is not changed, the same, isn`t it? By the way, Why the word “dinks” invites above “look at one wood, no see forest” allegory? Little bit far link, I feel.”

“Although you are just having done a using “power couple” one of the words which mass media easily and instantly have made from cheap inspiration without responsibility, on summary, it`s the story from the world of knowledge class hi society limited. We few-money class so many children are staying in such situation because of no money married couple has nothing to do except XXX?”

“Always we never can see end of your story because of so far. At first, reply to my question straightly!!”

“Although any era is such, knowledge hi society class has been likely to hold the tendency of “always me first, me top, me advantage”.”

“Oops, little bit hit the point!!”

“On summary, even though current me is fine, other anything no concern, is. No concern to later comer era, no concern to general living people matters, is. Exactly, at the period limitedly looking at, it seems to be well running. Because they are double income, no kids. No need spend money to kids, they can use all income to own.

But, from long term view, it`s merely all life getting money gets in advanced, according to marketing concepts, it`s called “eat advanced demand up”. Later merely staying no harvest field.

No touching own child or not, if totally number of later commers get reduced as a one of items, from dinks (=no kids), because of pension payment principal pay for current receiver, although current working payer`s money support to current receiver, then if number of current working payers get reduced, receiver`s life will get upset., right?

On summarized, although after retirement, source money for left life will get upset, their life after retirement will fall into edge. “Former well running life, where has gone away?”

Added on, Characteristics of this class typically is no growing later comer up. For keeping their own position, they have tendency of kicking them out down, who has possibility of replacing their position, so much.”

“Link to it?”

“They set a discount festival aiming for demand of buying rush before tax rate up. Exactly once at the time sales up. But after festival, sales sharply down.

Even if tax rate only 2% up, before tax up, discount rate, if it 10% down, from it customer will count $2 + 10 = 12\%$ up, not count but feel.

Investment for stock market the same. Rather than short term focused and repeated sell and buy, long term holding is better, is obvious. Exactly interests % is low. But if using dollar cost averaging way, the method is below, every period the same cost amount spends. Stock cost is hi, buying lot few, stock cost is low, buying lot many. A period investing money amount is fixed, the same. If we use this way, 10 years later, will get 10% interests at least, low risk and confirmed interests.

Above wisdom which is “stop get in panic, never take vacant”, the speaker” look at beyond, look at one wood, no see forest” own self forgets and as his own matter never can get it alive, and secretly using on his job insider information which he could get, he has done insider deals, to such reversible performance I`m likely to that I`d like to say “Stop it own, never take anymore own!!”

“Boss, insider what? Mitsuya cider`s brand new?”

(Mitsuya cider is very famous cider in Japan)

Father and his son no word. No come next word. Silent.

Title: “So hi danger and serious!”

“Calm and relax, safety, reducing charge, hi performance have invited us and finally we reached the place former called human paradise is AI. Under current world reached final point is, kidding the same, human ability, like a hop-step-jump level, huge down and end of this story is no need human, never make something well delayed by human who complains, requires hi cost, so many times makes careless mis, very troublesome, bothering existence!!

So far ancient primitive time, human race was different from other creatures, no fear “fire”, instead of it, put a fire on our side as a very strong weapon for getting a champion belt all over the world, and due to mass production of food, car, house unit, AC, PC, etc. after industrial revolution human`s lives and society level proceeded jumping up. Then from it human has been enjoying as a top of all races.

But final answer is, what should we do!!, “Go out, no need you, human!!” OMG!!

Well now, then a, who is the main? For what and to where are we walking on? We, general people are?

Perhaps, although it was a revenge for the adults who faked him in the town of Hamelin, we are standing on the same situation as their children whose parents were fakers and whose

children were following behind the pied piper of Hamelin which let them dance. It might be like a being kidnapped.”

“The word of “faking adults in Hamelin” is an allegory of our forefathers? Then a revenge mind holder “pied piper in Hamelin” is to whom allegory?”

“Faking adults means in the past time knowledge class guys, type of all judging point is for own position the first. And a revenge mind holding pied piper means that as a head position, Mr. our planet, following it, pushed bad influence other creatures on our planet, something like them.”

“Dark!! Point of view has been curved. By the way they say on the internet site news paper that in the case of mixed with triple conditions, heat, food crisis, monetary support tapering, from social anxiety, easily happens crowd violence, I heard it, but in your case the first item only, heat causes you upset, from morning crazy mode, so much danger for arounds might be. Originally your natural have been easily anger, mind direct showing, at once vapor up kettle type guy, arounds, old women neighbors` rumor floating here and there.”

“Shut up!! Anyway, arounds are knowledge hi society class family. No working in society wife is Boss position holding in their family, treating working outside husband as her pet, and husband working company lapped and defended by Gov. Don` t mind such party members of prejudicing. Let them do as they like!!”

“By heat? From the first, fighting pose set up, Daddy!!”

「最近、色んなラーメンあるが、なんかもういいヨ、って感じ。能書き多すぎてラーメン食ってるんだか、能書き食ってるんだかよく分ないみたいなの、多くない？インスタ映えならぬ能書き映え、とか。やっぱ子供の頃、百年に一回位たま〜に、親がよんどころなき何かの事情で日本蕎麦屋から出前でとってくれた、木の蓋がかぶさったラーメンが一番旨かったな。

鳴門、志那竹、ほうれん草の浸し、甘めのちいちゃなチャーシューが付いた奴。取り立てて言うほどの特徴はないが旨い。

世の中にこんな旨いもんがあるのかい、早く大人になって金稼いで、その金で毎日喰いたい、って思った。その頃金はなかったが親が許してくれるなら、あと5杯は優に喰えたな」

「何話してんの？オッサン」

「うちの事業コンセプトである国際間、世代間交流をイキナリやったからダメだったって事よ。先ず店の形態が国内外の人にとって折衷過ぎて中途半端で不明確。次に国際間交流って言ったって言葉の通じない者同士がすぐさまコミュニケーション出来る筈もない。

それとこの店を始める前の店は「居酒屋」だった。お別れ会に集まった常連客は酒が飲めなくなるより「集まって話をする場所がなくなるのが寂しい」と言っていた。で、それらを総合すると、先ずは純然たる和風の「赤提灯」で始める事にした。国際間世代間交流何て言う能書きは消す。子供の頃の蕎麦屋のラーメンと一緒に能書きはなくても実質、旨くて安くて落ち着ける「場所」を提供するに徹する。その内、逆も又真也で純和風に興味を持った外国人さんも来るかもしれんし」

“What`s that? Why do you modern Japanese persons check by bashing eyes? It`s merely from natural voice of mine!!”

“A? Vasa versa what`s that? Mine is very natural reaction, I guess. Then “modern Japanese” something like that, I was said, I`m getting fall into mysterious world.”

“By the way, although at the time of this restaurant beginning, as an attachment service, a cup of coffee we offered, an old lady customer commented that your coffee taste is very nice. Maybe so hi quality beans. For it, I replied to madam honestly that it`s instant coffee which is barista coffee machine of Nescafe brand dripping. Anyway, taste is important rather than brand name. After it, she no come anytime.”

“Suddenly what happen? Is it to be continued one, bashing to modern Japanese person? It`s waste time spending matter for me.”

“Once more again reopen dinning pub. Because only one leg standing business management is dangerous, I think.”

“What, what, what? What`s the next concerning to? Suddenly, suddenly, anytime sudden happening way!! When you start your talks suddenly, anyway, as a courtesy, put steps one by one minimum, even if to your own son!!”

“Just, just, just it is!! At the previous time the reason of our try turned to lost game, is because of pass trough the putting steps one by one milestone.

The reason from concept full occupied, lost putting steps one by one milestone, is.”

“What`s the story, you talk? Guy!!”

“Our company business concept “International, inter-generational communicating (at the beginning time one)”, no stepping suddenly we started, then got in unsuccess.

First, formation of previous our dinning pub was overshoot, under shoot, not hit the point, very unclear for each side foreigners and Japanese customers. Second, we pushed international communicating concept, but first meeting to each other persons never can start easily frank communicating, the natural.

And before starting curry restaurant at the next space, previous tenant was “Izakaya” (=Japanese style dinning pub).

Regular customers who came to join in farewell party for closing former dinning pub, had murmured that lost meeting place is more shocked rather than no drinking, I have memorized and remembered,

And from totally organizing, first decided to take a formation of typical Japanese style dining pub. And I`ll delete concept placard of “international, inter-generational communicating”, will kick it out.

Like a in my childhood ate Ramen noodle, tasty, reasonable price, the place which they can get relax, is only one our wish, we set this.

In near future, opposite is also the same true, we have possibility of that foreigners who get interested in quite different culture Japanese style, as it happens, might be, will come.”

“Boss, hire a sexy attractive little bit aged woman as a madam of dinning pub. Sometimes touching!! It`s happy for you!!”

“Ax, such a plan hiding behind, Daddy!! The reason of few money but get agllesive, you!!”

「身内ゆえ」

「柔道の主将を3年間勤めながら当時最難関の東大の法科に難なく現役で入った位だから頭は超絶イイ。

その時代、会社で上まで上り詰めたのなら総務部の長と言われた総務部。その総務畑で出世する条件の最右翼だったのが法科。処がその総務部の意地悪な上司が出来のいい親父に今後抜かれる事を恐れ、その芽を摘み取るべく、此処へ飛ばせば失敗するだろうという、法科出身の親父には全く畑違いの製品事業部の長として飛ばされた。しかし豈図らんや、飛ばされた先の万年赤字事業部を超短期間で一気に大幅黒字事業部に転換させ、その功績が認められてエクセレントカンパニーの役員になった事から見ても手腕の方も並大抵ではなかったんだと思う。

“As a playing manager of Judo club, had been playing and operating 3 years just before exam of entrance of university, the university which at the time called most hard course, Tokyo Imperial university regal subject course easily passed clear. Then was so hi smart.

At the period, if employee wants to reach the top class in big excellent company, the shortest way is to become the top of general affair division, the general affair division.

On the field of general affair, the rightest wing passport is to be graduated from Tokyo Imperial university regal subject course.

But Dad`s direct boss who was dark mind holder, as he held fear my dad to catch up his current position, he secretly planned my dad gone away from general affair division to products division as a top, to which Dad hadn`t have any knowledge and human connection route.

But no planned, at the big loss maker division which dad`s boss planned my dad to gone away for rank down, very short period, dad made the division turned to excellent earnings division at once. From this fact, it`s very clearly seeing that dad had held hi operating and managing skills.

His returning was 2 years later after end of war.

Although thus, but one of under dad`s soldier got suicide because of excellent company boss`s bashing.

At the time dad said that under bullets he could survive, but under peace at domestic, he got

suicide. I never could save him!! Shame on me!! My Dad was such a mankind ship guy!! Such a guy had stayed nearby and from such a guy I so many times had been asked “Are you idiot???” and against it, I had reconstructed my position by organizing logical story and sharply against, but he said straightly to me that it`s a vacant plan, vacant program on desk. It`s the story from only by mouth world. No have weight, no contents like a flutter paper, flier. At the time my shock!! Deep frustration!! Ugh, ugh. So got upset because he was my father. Sure, I`ll clear over beyond dad!! Although on the same way, never can get a win, I`ll take a perfectly different way, on this way I`ll clear over him, I`ll show the proof which I have been not idiot!! I thought.

Anyway, by any possible ways, I wished his white flag raising.”

“Added on concerning to your “just now open secret story”, I`ll talk about, the true reason of returning from mental sick is so taking long time, that was nevertheless no could clear the revenge of over beyond father, never could accept the fact, bater, “couldn`t I capture replaced alternative one? with fluttering.

While saying that will walk on different way from my dad, no planned joining in big company, also no planned getting rank status up, without noticing, beginning to walk on the same way as my dad. Although I could catch him up and overtake him, hit so far back. It forced me noticed the fact no reach to general people rather than my dad.

Then after it easily turning other direction, in other word, at the first my wish, that perfect different way from my dad, restarted to explore, was.

But it never be there, never return it back by such an instant way.

Such foggy irritation forced on around the same circle repeated walking, so many times repeating, legs caught stronger and deeper, and it made getting well from mental sick delayed. While saying to change the field, standing on the same field without noticing, and getting lost own decision rights from my side.

Even if on the same field with my dad, or even if trying to put it out, on the different from my dad, if the origin is the same against my dad, it wasn`t from my origin, the same. Although outlook style was not the same, but source was quite the same.

Anyway, as my owner isn`t mine, from tiny matter, got upset, irritated, no calm down, sure.”

“Then, what have you done? How did you get out?”

“Don`t know why, but someday suddenly I accepted all. In other word using, no mind, no

Ax, their saying, counting was correct, I have been idiot, no talent averaged guy. That has been all. No wearing high heel, that`s all, is. I`m idiot, mere one of citizens, no talent averaged man, the fact I accepted naturally, all fastening open, disappeared, feel get free, relax.”

“Ax, hum.”

“Stop waste time spending!!

Such amount of time, if I used usefully, any other matters I could have done, I guess. Quite waste. From now, shift such waste time to other aim.

Oh, yes!! Will have done my loving it, from now!! Like this, might be.”

「迷い始めて候？」

「人間の行動原理なんてそんなに立派なもんじゃない。高邁な思想とか愛情とか言うが、大抵の場合は復讐とか怒りとか見返してやるとかが行動原理だと思い始めた。

それがいいとか悪いとか言う倫理的価値視点からではなく「是が真相だ」という科学的視点からだ。

快楽や悦楽を求めてという説もあるが、其れは長続きしない気がする。移り気な人間に同じ快楽や悦楽が長続きするはずもないし、新しい快楽や悦楽がそう易々と連続的に見つかるとも思えない。

矢張り持続する行動原理としては「怒り」というのが妥当な処だろう。

人間は「是を「すると」こういう「いい事」が起きる」と言われるより「是を「しないと」こういう「損失が発生する」と言われた方が遥かに敏感に反応するというから、それを元に考えると「快楽」というポジティブ感情より「怒り」というネガティブ感情の持続力の方が遥かに長くて深い気がしてきた。我が国では「恨み骨髓」とか「坊主憎けりゃ袈裟まで憎い」、

「江戸の仇を長崎で打つ」なんて言う諺もある位だし」

“Principal of human acts is not so great. They say although it`s from hi concept or from love, almost cases from revenge or anger, from “at the final, will beat you down” mind, the principal of human acts I have begun to regard to.

Not from view of ethical worth which it`s well or not, but from view of scientific facts which this is the truths on observation.

One of theory, for seeking pleasure, they have, but for it, I guess that it` difficult to keep long. Because easily drifting mind holder, human never can keep long satisfaction with the same

one, I can't agree so easily finding series new pleasures out.

On summarized, as sustainable human principal of act is that, from anger is acceptable one, I think.

It` said that human feel more impact with being recommended negative rather than positive one. from this tendency, I try to guess that called "anger" negative one can get long staying than called "pleasure" positive one.

In our country we have allegories below several, "hate reaches to bone", "when you hate some person, also hate until the person wearing clothes", "have done revenge very far place at Nagasaki against very far past at Edo bashed." Like these."

On summary, not so easily coming outside, the fact. This plus toward tendency and avoiding minus toward tendency looks like not so far difference, but perfectly, quit very far difference on the concerning to meanings, actions, aiming to one.

On summarized, no plan to track result on numbers, no plan to put my name on history, and more no flatter, no kiss ass, me.

Especially women in our country hold strong tendency like that if we show cold behavior, they easily come to kiss our ass. Just at the time catch their tails, is enough. After it, they will stay under your control, perfectly, permanently. Hu, hu!!

Although to dummy demand, fake plan (dark mind), spy to each other, over dealings, eye beams from arounds, I feel too much enough, then will put a distance to them, on my side, no time to touch them.

From it, vasa versa they might be holding reversed view, why is it thus? Because it`s that they count such behaviors, rather natural, now a day.

But against it, also, below,

Me no touch, let them do.

「守るに攻めるに、立ち往生？」

「軍事兵法は危機管理の基で、サバイバル法の集大成だ。現代マーケティングも会社組織もここから派生して出て来ている。軍事兵法と聴くと食わず嫌いのアレルギーから十把ひとからげ的に坊主憎けりゃ袈裟まで憎い、の態度で今迄触れずに来た。戦前へのアレルギーや他国侵略に対する罪悪感から致し方ない面もあるが、軍備を持ったり強化したりする事と、軍事兵法の考え方を活かす事は全く別次元の話で混同してはなるまい。

常日頃「嫌な奴」だと思っている輩が「役に立つ事」を言ったとする。するとよくある話だが「アイツが言った事だから」という理由だけで、その役立つ事が否定される。しかし問題の正解はその嫌な奴がいった「役に立つ事」だったとすると、敢えてそこに触らず他の答えを求めて迂回した連中が正解を見つけるには相当な時間がかかることになりがちだ。

詰まり何が言いたいのかと言うと、先ず物事を一緒くたにせずに分けて考える必要性。次に是は後で詳しく説明するが、手間暇かける事と効率的である事は決して相反せず、両者成立するものだという事だ。但し其れは「同時に」ではなく「時間軸を置いて」初めて成り立つものだという事だ」

「前の仮説の部分は何となく分るけど、後の話はピンとこないよ。又、舌先三寸の出まかせ邦題、し放題のクセ、出ただけじゃないの？」

「一言で言えば急がば回れという事だ。急いでいるのに回るには時間が居る。その時間軸を加味して見ないと判断を誤る。森を見て木を見ず。目先の効率化に囚われて長い目で見た最適効率化を見落とす羽目になり易い」

「話、硬あ〜」

「イヤな奴の言ったことまで検証するには、それをしないで先に進む人よりはその分間違はなく手間暇、時間がかかる。出だしはドン臭く、遅いという事だ。この時点でどちらが早い、かを効率的かという謂い方に置き換えると当然チェックをパスした人の方が早い、詰り「効率的」と言われる。しかしその時点では無駄に思えた、チェックした中に正解があれば、それを飛ばして早々に先に進んだ人が、結局見つからずにスゴスゴと戻って来て改めて、嫌々チェックに取り掛かるよりは断然早く事を成し遂げられる。

同時だと二者択一、相反して成り立たないものが、時間軸を加えると時間差で両立し得る。時間軸を加えた三次元立体で見た方が時間軸を欠いた二次元平面で判断するより信頼性の高い効率性なのは一目瞭然だろう。急がば廻った方がより効率的な場合が多い事は結構あるが、現代社会は短期評価が基本だから頭じゃ分っていてもいざ実際となると実務側はやりたがらないだけの様な気もするヨ」

「何となく分ったけど、それを今のオヤジの事業に当て嵌めるとどういう事になる訳？遅々として成果が出ない事の言い訳にしか聞こえないんだけど」

「シャチョ、今日、仕入れ値上がった分、お金足りなくて食材、少し持って帰って貰ったアル」

「ウ。守るに攻めるに、立ち往生、かあ。泣。」

Title: Or to guard, or to attack, can't move, no option holding now?"

"Military tactics is the base of crisis control and summary of survival. Theory of modern marketing and theory of modern company organization have come here out.

While hearing the word "military tactics", especially in Japan after world war II, from less experience allergy for it, without selection before checking generally we have rejected.

Sure I know, it's from anti our country's militarization before world war II and sorry mind to other beaten countries by our military. But never mix both. Both means that one side is holding military power and to strengthen military power, another one is to make military know-how alive, is quite different issues.

For example, we have the case that we always as usual count him bad mind guy. It's the

tentative story. Ok? Although so many times happen, by only the reason that it's his saying story, perhaps useful item will be rejected.

But tentative, the guy's saying inside contains correct solution for problems, other team members who passing his saying and taking around way without check his saying, and seeking for other solution consciously, it'll take so much time to find correct solution out for other team members, likely to.

On summarized what I want to say is that first is the necessity of never mix issues and should separate each by each thinking way. Second is, concerning to it later in detail will explain, polite checking with each by each, step by step, taking time, no passing hands using one and hi performance not battling but harmonizing can be possible standing to each one, is.

But need one comment putting, which is both never be standing at the same time. Can be standing condition is to put a time bar concept, should have done."

"Half A your concept I can image but half B concept is pinpoint out of my understanding.

As usual from your famous one of machinegun talk show level, isn't it? A?"

"Saying by only one phrase, "while in a hurry, take around way", is.

While in a hurry, to take around way, it'll need more time. Without this concept put aside, less one will invite misjudging. "Looking at tree, no seeing forest". Easy taking current can see matter, big loss in future finally. Such tendency we have."

"Story no taste. Never can bite, eat!!"

"For check including bad mind guy's saying items, it'll surely take more time and hand using steps than straight going teams. At the starting point comparison, exactly looks like stupid and turtle behind.

By using current saying way, former team hi performance, later one low performance, generally is said.

At the time looded like a waste, if its inside which later team checking, will stay correct solution, on opposite fast going teams because of passing bad mind guy saying, finally never can have found good solution out with both hands inside no harvest carrying, rest and uncomfortably restart seeking the solution, if it such happens, at the starting point looked like so delayed team, in a so, so early time can find the solution out.

If given condition is focused to both, one selection, it'll bring battling to each selection side, but if time condition is added, it'll make and give a chance of time delay condition, or making timing difference condition, thus will invite possibility of both battling items standing with harmonize.

It's quite obvious that 3 dimensions cubic view which width x height and + depth=time is better than 2 dimensions flat view which lacks depth=time bar comparison on the point of hi qualified performance.

“While in a hurry, take around way” is better case, we have so many. But under this modern human society although short term evaluation is basic, then real operating side no hope to chois and no hope to have done it, while understanding on theory base, I guess from my observations.”

“Faint understanding, but by using this concept, how do you evaluate your current business results? How? For me, it sounds merely your escaping, justifying way against too, too slow well result coming out.”

“Boss today, we couldn` t pay full cost for food material company, then made him put enough payment cost part only, because we no counted part of cost up area from imported cost so hi up!! Is.”

“Oops!! Or to guard, or to attack, can` t move, no option holding now. I wanna cry!!”

「何でもかんでも日本流。日本流の完璧コピーじゃなきゃダメ。日本語が話せないとダメ。仕事の流儀も日本流に厳密且つ細かくないとダメ。外国人さんに対して呆れるばかりの「不寛容さ」。

「なんじゃこの傲慢さは」とか思っちゃうよ。これじゃあ外国人さん、ビビって来なくなるよ、我が国に働きには」

「オヤジも野放図なようできて結構細かいジャンヨ」

「俺も外国人と仕事を始めた頃、余りの異邦人振りに愕然とした。売上伝票（オーダーシート）の端っこは揃えてホッチキス止めするのが全世界共通のものだと思って疑ったこともなかったが、端っこなんか揃えない。10回言ってもダメで100回目にはとうとう諦めた。諦めたというより考え方を改めた。「押し付けるだけが能じゃない。自分が抱くイメージのコピー作りを自己目的化しても仕方がなかろう」って。というのもあまり細部に目くじら立てて、そっちにばかり気が行って調理がおろそかになっても困るし、委縮されてお客さんに対する笑顔が消えても困る。処変われば品替わる。郷に入っては郷に従え、になっって行った

のよ。

だって目的は日本流に寸分たがわぬ完璧コピーの習得じゃなくて、お客さんに対するグッドサービスだろ？で、その結果儲かる事。その邪魔になるんだったら、詰らん事は変えるか切り捨てればいいって言う具合に、ネ」

「確かにオヤジ、店を始めた頃コックさん達に何度も大声張り上げていたけど、最近じゃ大声全然出してないよね。「アメリカンセクシーダイナマイツ、未だ連れて来んのか、あん？」以外は」

「お前もとぼけた顔して、結構厳しいチェック入れているんだな」

「チェック入れてんじゃないくて、あれだけデカイ声出されれば、殆ど押し込み強盗的に耳に入ってくるヨ。でも、あれだけでかい声出すんだから、ストレス発散はかなりできているよね。俺達、其れが出来なくてストレス、腹に溜まっている面が無きにしも非ズ、だし」

「昔、剣道部じゃ大声出さないと竹刀でケツ、ひっぱたかれたが、今じゃ大声出すと顰蹙買うのが関の山。外国人なんて道路を挟んだ歩道のこっち側とあっち側で大声出して話し合ったりしているけどなあ。料理長見ればわかるだろ。あのサイズの身体の何処からあの声量がでるんだか」

「外国人てえ、みんな結構自信満々。時々「根拠なき自信」とか思う事もなくはないけど、羨ましい気もする。俺たちはどっちかって言う「自信ほぼなし」「根拠なき怯え」だもんなあ」

「シャチョ、お釜壊れた。ジャパンではお釜壊れる事「お釜掘る」言うアルカ？」

「確かに大声出したくなるオヤジの気持ちは分かる」

「シャチョ、教エテ!!」

“To any matters, requiring Japanese style. Except perfect copy to Japanese style, we never accept. No speak Japanese ones, will shut out!! Job finishing should be keeping Japanese style, in other saying, be just and no mis required, if not reach to it, cancelled.

To foreign workers, terrible intolerance!!

“What kind of this unfairness!! Only one side pushing tyrant way!!” I ll sympathize to them, foreign worker candidates. Unless we improve such a tendency, no foreigner will come to work to our country soon.”

“You Daddy looks like rough but really more sensitive than your outlooks.”

“Me also at the time around when I started operating our restaurant with foreign cooks, I got

shocked from very far differences between me and them. Distance seemed to be from our planet to Moon.

I never had doubted and perfectly believed that all over the world anywhere edge of the day order sheets final was clipped with neatly kept square, but they no had done it, very at random, rough clipped. They quite no concerned. Looked like, it was their common.

“Clipping edge, neat it square!!” 10 times lectured, but no got followed. At 100th times I gave up. I changed my holding concept rather than gave up. “It`s not useful that strongly copying my holding image to current them or stamping, printing, from one side push.”

Because due to over checking to them in detail, it has possibility of causing cooking tension lost, or from uncomfortable extra tension, possibility of smile lost to visiting customers. I think it`s larger scale trouble rather than no copying Japanese style.

“Place change, wellness change”. “Enter the place, obey the place rule.” Likely to change better.

Why? Because our final purpose is not perfect copying Japanese style to them but offering good services to customers. And after it, as a result, getting their satisfaction thanks money? If copying disturbs our purpose, we should change current concept, rule, custom, like this will be better, I think.”

“Surely, at the time of starting restaurant operation, Although Daddy had shouted with loud voice to foreign cooks, recently you have no time except below shouting with loud voice “American sexy dynamite bombers why still not come yet!! A?”

“You wear baby face, but you have done severe checking, haven`t it. A?”

“It`s not to have done check consciously but naturally reach to my ears because putting loudness speaker aside, almost likely to the same.

But although you can shout with so loud voice, it`ll let you stress clear, maybe. We never can have done it, so much stress has stayed inside, the tendency here or not.”

“In my period of secondary school, I had joined in bamboo sword using Japanese Samuri club, at there, no loud voice, hit the butt by bamboo sword!! But now a day, current society, loud voice invites bad cool eye beams from arounds.

In the case of foreigners staying in Japan, from over beyond roadside to this roadside, talks catch ball have done with loud voice without hesitating.

While looking at cook master`s behavior, you can understand. From such a small body size, so, so, loud voice, from which part of body come out? A?”

“Foreigners look like almost all are “full of own confidence enough”. Sometimes it looks like less source own confidence, I have the cases, but I feel it attractive.

We our side rather,” almost less own confidence”, “less source fear” is, maybe.”

“Boss, rice (electric) cooker not run. Inside rare rice stays. But is it not enough for his

appetite? Is he hungry? Then Angry?" Then not run?"

"Yes, I know Daddy`s desire of shouting with loud voice..."

" ⚡ Boss, what should we do? ⚡ "

“Boss, once again many invoices reached(=came out).”

“It`s, a it, maybe good that always gamble, coming out place and timing, guides. But you should get this coming out one calm down, first, don`t you?”

“Professor Mr. son. What should I do? Show me, please!!”

“Ugh!!”

「又かよ!!」

Title: Again? Boo!!

(For Japanese readers)

「又かよ!!」

「思えば 2019 年の消費税アップに始まって、コロナ禍、戦争初め、対立でのデカップリング（分断）による供給網の混乱と物価高騰、10 月からはインボイス制度の導入で唯でさえ少ない売上に対して 10%多く税金を納付しなきゃならなくなる。と散々な目に遭ってきたが今後取分け心配なのが異常気象による客足の大幅不安定化だ。ひょっとしたら猛暑、極寒、風水害、台風の影響で夏冬の客足が半減する可能性がありそう。しかも是は一過性のものではなく今の儘の「快適最優先」の流れで行くと今後ますます地球温暖化が進み、その影響で今より更に猛暑、極寒、風水害、台風の襲来と大型化も酷くなり、何か価値観でも改めない限り是等が定着、常態化する可能性が高い」

「少しは脳天気改めて商売に目を向け始めたみたいね。でも、そんな風に心配ばかりを煽って、その先どう対処する心算なのよ？」

「実際問題、相手が天気じゃ手の打ち様がない。しかし変な言い方だが其の対策として「全く天候に左右されない新しい形の商売の創造」とかじゃなくて、案外、この「手の打ち様がない」という方が正しい在り方なのかもしれんぜ」

「皆それで必死こいて対策講じているのに、そういう安直な姿勢でいい訳？曲がりなりにも従業員の生活を預かる一経営者として？」

「いや、別に義務を投げ出した訳じゃない。逆に今後の従業員の生活と会社の存続を真剣に

考えれば相当な発想の転換が必要なんじゃないのかなって事ヨ。今迄の人類の歴史を広く見てみると「元に戻そうとする努力が却って自らの先行きの首を絞める結果になった」様に最近見え出したのよ。数多の災厄を経て、労苦を軽減し、快適に暮らせる様にしようとしてきた努力が却って人間本来が持っていた能力を退化させてしまったのではないか？と言った様な疑問だが。

戻すなら人間の生活の方じゃなくて天然自然の方が最優先だろうなあ。

上の新ビジネスコンセプトの天候に左右されないものとなると屋内という事になって増々引籠りを助長することになり兼ねない。

経営の順調さへの戻し方としてはいいかもしれんが人に対してはよくないし、室内となるとエアコン must になって CO2 ドカドカで天然自然にも悪かろう」

「オヤジ、その知見、評論家や学者さんが持つならそれはそれでいい様な気もするけど、超零細企業の一経営者がそこ迄考えたって、逆に時流に乗り遅れて其の知見を活かす前に店、潰れちゃっているんじゃないの？何もそこ迄考える必要、全くないと思うんだけど、俺は。もっと「目先の事」に集中した方が良いんじゃないの？老婆心ながら」

「そう流れると結局「台風一過のち快晴。世は何事もなかったが如く」になっちゃう訳よ。それじゃ俺にしてみれば「又かよ、又やってらあ」でしかないんだよな。

でもその台風一過にせよ、暑さ寒さも彼岸迄にせよ、その常識すら変わっちゃうかもしれないんだよ。いやもう変わっちゃっている、のカモ。台風の後も長雨。暑さ寒さも彼岸を超えてそうだし」

「シャチョ、又請求書きたアル」

「凝りもせず又かよ。其処は可及的速やかに「来ない方向に」変わって欲しいわなあ」

「ワガママ。事項都合の権現様、オヤジ」

「其れは其れ、是は是」

Title: Again? Boo!!

“Returning to my memory, staring from consumption tax up in 2019. Covid-19 pandemic, supply chain damaged by decoupling of war something like this and by strong inflation cost up and final, from October in this year from invitation of Invoice system, newly, additionally should pay 10% consumption tax even though sales very few. Thus, we have been damaged during several years, but from now above all concerned is getting flow of customers floated. Perhaps the worst case in summer, in winter seasons following years, we will have possibility of half down customer visiting by hi heat, strong cold, flood, typhoon, like these abnormal climates.

And more it might be fixed as normal case from now because of above abnormal conditions will be fixed, not once but later continued as every year event with stronger and stronger, such possibility we have, unless we change common concept of amenity first (=CO2 mass production) to of all."

"You look like little bit got normal to your business, from inside brain paradise mode. But only agitating anxiety never!! After it, what will you do? Do you have a plan?"

"Indeed, we have no option if competitor will be climate. Although using curved say, this "no option" mode might be correct unexpectedly, not finding usual "new plan" out, the plan is for example that a business no influenced by climate changing."

"Although All others are fighting under such bad condition, is it can be accepted, your escaping behavior? At least as an owner who should guard staff`s lives.?"

"No. I`m not falling into responsible less mode. On opposite my opinion is, if concerning to or staff`s future and sustainability of our company, big concept changing should be strongly required, I think.

According to from bird view checking human being`s history until now, it`s looked like the same as that the effort to try returning to former condition, it has brought, vasa versa, invitation of own quitting from the normality, recently got looked like.

After breaking through so many bottle necks collapses, the efforts which we have tried to reduce hardness of labors and has tried to get amenity, even though has forced human original ability inside held one lost, very ironically.ai have held such suspicions.

If we try to make it returning to the former, it`s not former human lives conditions but advantage first might be former nature or our planet conditions, I guess.

Concerning to above the item of new business concept which is "no influent by climate condition suddenly changing, one is to be selected indoor advantage life, then it might be inviting to so long time staying inside only.

It might be well for returning to our former business results, but not well for outdoor loving human natural lives and staying inside will bring using AC, after it AC is spreading CO2 so much out, it`s very bad for nature and our planet, I guess."

"Daddy, concerning to such your intelligent opinions, if commentators, analysts, academicians holding might be sure, but mere one of tiny company`s owner you, no need to think to such depth, I think, because before getting your opinions useful, this company might be bankrupt from missing the train for earnings. A?

Watch at real world first, now is my advice, Daddy!!"

"This flows to the allegory that after passed typhoon, as usual comes clear sky out. Like a nothing had happened", the same usual situation. No thing has changed.

It`s for me, "Ugh, again? Boo!!"

But or after passed typhoon or hot days and cold days until end of March or end of September in Japan, familiar with Japanese people allegorical phrases, such common custom might be changed, we have real possibilities. No!! might be, already have done it, possibility.

After passes typhoon, no comes clear sky but long rainy days.

Hot days and cold days over the end of such months, limitless, like these, it looks like.”

“Boss, reached again invoices.”

“A? Without hesitation, again!! To it A.S.A.P. no come mode be selected, I wish!!”

“One way pushing!! Own convenience itself!! Daddy, you!!”

“That is that. This way is this way!!”

「パッパ好き、悪いパパ？」

Title: To say I`m smoking lover, “Bad dad?”

(For Japanese readers)

「パッパ好き、悪いパパ？」

「世の中一般、特に我が国に於いて顕著だが、一般的に動物を可愛く描く。笑顔溢れ欲得なしのお人よし的に描く。「見ていて癒されますう」とかも耳にするが聞いていて酷く違和感を覚える。動物界の方がよっぽど「弱肉強食」が徹していてそんな悠長な状態ではないはずなのに。

人間界だけだよ、「弱肉強食」原理が免除されているのは。

他の動物はその過酷な条件下で生きている訳だから、たとえ犬猫、小鳥でさえある意味我々より遥かにシビアな世界に生きているのに、生来の善人的お人よし扱いさせられたら

「あんた、私たちの実情、知ってんの？何、勝手な事、一方的にほざいてんのよ」ブーイング、地団太踏みながら炸裂しまくりだろうなあ」

「どしたの？突然、動物界代理店現象!!」

「人間社会に疲れたから動物、癒しに見立てて身勝手に動物界に逃げ込んだだけじゃないの、其れって。動物は動物で大変な事、考えもしないで一方的に人の家、土足で踏み入って一人だけニコニコしているだけじゃないの？自分だけ理解されずに苦勞してます、唯一の被害者は私ですって、迷惑がっている動物に更に愚痴ったりして。ザケンナって。甘えてん

のはお前だろう、気付かんと裸の王様的に、ガラパゴス化するぞ、と言いたくもなる」

「オヤジ、俺思うんだけど何か最近著しく厳しくなってない？俺、どっちかと言うと厳しい親父より、おバカでダメ男の親父の方が好みなんだけど。ばかだ、おバカだ、って言っている割には其れを隠れ蓑にして教官的師範業、し捲ってない？」

「お前の改善要求は毎度難しい。対処に困る。だが一理ある様な気もするから検討は、してみる」

「そう言えば「検討」の語呂合わせで思い出したけど、幾らケントが1mgで軽いからって、一日4箱は吸い過ぎだよ。健康に良くないよ」

「お前も「健康」かよ。いい加減嫌になる。そんなに健康になってどうするのよ？長寿になってもすることなくて暇つぶししてるんじゃない本末転倒でしょうに。唯でさえヒマ地獄でのたうち回っているのにそのヒマ地獄、更に延長してどうするの？少しは考えたらどうって。かてて加えて、喫煙と言えは「魔女狩り」。ジョギングと言えは思い出したように土日に集中的に行う「怠け者の節句働き」という言葉が自然と浮かんでくる」

「オヤジってどうして人と反対の事、言うの？それじゃあ世の中の時流から外されても致し方ない気がするけどね」

「俺は世の中の時流に乗るってあまり好きじゃないんだ。片棒を担ぐ、尻馬に乗るって言うイメージしかないのよ。片方に走り過ぎたら逆方向の力を与えて行き過ぎを諫める。中心方向に戻す。そうすると必然的にその時代の人と反対になるのは自然の理でしょ」

「ホント、素直じゃないよね、パパは」

「シャチョ、この前町田ガールがシャチョの事、パパって呼んでたアル。パパってナニ？タバコの事？パッパ吸う、言うアルカラ？」

「オヤジ、町田じゃ「パパ」って呼ばれてんの？フウ〜ン」

Title: To say I`m smoking lover, “Bad dad?”

“All over the world, especially in Japan, we generally have drowned animals lovely, with full smiles and as good mind holders. I have heard someone has said “they make me healed.”

But while hearing it, it causes me strange unmatched.

Animal world is much more sharp “strong eat, not strong meat” world, then maybe never can hold relax, I imagine.

Only the world which “strong eat, not strong meat” the principal off, is human beings one, only.

Other creature, animals have survived under such severe conditions rather than us, even if dogs, cats, tiny birds, although they such, tentative they have known own is treated as peaceful

life enjoying ones, they might be against “Hey you, do you know our true conditions? Never say fake which you one side making!!” with booing, tapping on land.”

“What happens? Suddenly, got an agent from animal world!!, Daddy.”

“Is it escaping from human society to illusion of animal world because they got tired human society out, then for to get hidden and healed, isn’t it? Animals aren’t living under so easy condition, nevertheless, these human without noticing, from one side view rushing into animals` custom, only own get satisfied, don’t they?

And add on and on, despite animals get troublesome, some of them scream “they don’t understand me. It’s only me who have been misunderstood!!” to animals as a complaining.

Perfectly out of target!! Misunderstanding guy is just You!! Above will invite such my shouting!!”

“Daddy, I`m noticing recently you have done hi level severe checking, haven’t you? I`m more loving “Stupid Daddy” rather than “Severe Daddy”.

You count own “Stupid”, nevertheless, not stupid.

Bater, you use the behavior as a camouflage?”

“Your checking anytime is severe. Improvement is difficult. But one of sides, yours has correct aspect. Then will try to check some “same” as.”

“From the pronunciation “same”, although I remembered, even if cigarette brand name “Salem” contains tar only 1mg, 1 day 3 packets smoking is so, so, bad for your health, I think.”

“You also say health matter!! Oops, too much enough for me!! So much hope health, why?

Despite getting long life, never can find something to do out, hold too much enough leisure time, it`s main, sub reversed!!

And added on, the word “smoking” makes me inspiring “witched hunting”, “jogging” the word makes me “lazy man`s working on holidays” because they focus jogging on Saturday and Sunday only.”

“Daddy, why do you say opposite or reversed opinion against normal one? I think it`s no option to get kicked out from current world mainstream.”

“I don’t like so much riding on the mainstream wave on current. It`ll invite the images of marching parade follower.

One side direction running, pulling back direction of center by opposite power. From it, principally behavior turns opposite for current others’ ones.”

“Quite against, Daddy is.”

“Boss, at the previous time, Machida play spot girl called you “Daddy”!! Is she your daughter?”

“Ugh, well now, it`s a smoking time!!”

“Oh, My Father, at Machida, you have been called “Daddy”!! I understand “Bad dad`s” no camouflage real situation…”

「再考、本来」

Rethink, “the Original.”

(For Japanese readers)

「再考、本来」

「どうなるだろうって、ドウシマショ？」なのだが、それを見つけるためには「地球における人類の位置」というのを考え直してみる必要があるようだ。どうも、いつの間にかに「人類の位置 (いち)」の「位置」が反対になって「人類の地位 (ちい)」に裏返ってしまっている気がする。

人類は地球の中の一存在でしないのだが、いつの間にか地球を人類の持ち物の一つだと思ってしまうようになっていく気がする。それが「位置」が裏返って「地位」になっているんじゃないかと言う事の真意だ。

丁度正三角形が逆三角形になって頭でっかちになり、安定を欠いて、ふらついている様なもんだ。逆さまになっている事に気付けばすぐにも安定するのに。

地球の上に人類があり、その上に国家だの経済があるのが謙虚に考えた構造だ。しかし国家だの経済だのの覇権争いに熱中するあまり、本来の構造を人類は忘れてしまった。

其れは丁度、我が国に於ける英語学習の「歪 (いびつ) さ」と同じように見える。

英語学習の目的を受験や就職ではなくコミュニケーションに置けば、相手との交流には語学の他に表情、ジェスチャー、図、イラスト、表、ハグ、ボディーランゲージと他に色々な手段がある事に気付くはずだ。語学はその中の一手段でしかない。ましてや TOEIC や

TOEFL はその中の更に限られた評価手段でしかない。しかし受験や就職に熱中するあまり、語学以外のコミュニケーション手段が全く忘れられてしまっている。

こっちは、丁度広い体育館の中の隅っこの平均台の上で、後ろからナイフ突きつけられて「落ちたらお仕舞だ」と脅かされながら戦々恐々とやっている様なもんだ。其処が体育館の端っこにしか過ぎなくて、体育館が広い事にまるで気付く余裕がない。気付けばもっと自由になれるのに。

此の構造と人類の「位置」と「地位」の逆転裏返し現象は、全くの瓜二つに見える。

もうそろそろこの「本末転倒」を元の「本末」に「捉え直さないと」手遅れになる。是が俺の現時点での「どうなるだろうって、ドウシマショ？」の「しなくてはならないアイテム」の、答の一つだ」

「そ。今日は俺、何も言わない」

「シャチョ、今日、目、怖いアル」

Title: Rethink, “the Original.”

“How will it be? What shall we do? or should we do?” finding the answer out is our mission tentative, for finding it out, I guess we should rethink about “On our planet, the stance or standing point of human beings.

Why some, under unknown, it got changed from above the word “stance” to “status” of human beings. From “point” to “position”, it seems to be.

Human beings are one of existence on our planet, nevertheless, during so long progressing step ups, we have become counting our planet as one of our own possessives, looks like line over.

It'll invite the changing from stance or point to status or position advancing. It's my true voice.

It looks like that triangle form turns upside down, downside up, then upside heavy, downside weak, no stability, wondering. If noticing this reversed, easily can get stability at once, maybe. On our planet stay human beings. On human society stay nations or economic activities. This is the correct recognition for scientific normal constructure. But due to overheat up for getting raise winner ship, human beings have lost view for correct original constructure.

It looks like the same as in our country, strangeness of English language learning way.

If we put a purpose of English language learning for not entrance exam or interview of entrance hyper scale company but for making well communication to each other, except language, so many other ways can notice. For example, by expression on face, by gesture,

drawings, illustrations, charts, hug, body language, other several ways. Language is merely one of them. By focus saying, TOEIC, TOEFL in our country are mere limited method of evaluation.

But due to overheat up for getting winner belt of exam or interview, other ways they have lost from their views.

In this case, it looks like despite inside very wide school gymnasium they stay, at the very narrow corner, on the balance taking bar set up, while from backside pointing knife and being threaten with saying "If you drop once, your life game over!!" the students are balancing on it with strong fear and fear.

They have no relax allowance to notice that balance taking bar set at corner, but gymnasium other space is so wide. If they can notice whole situation, they might can get free more.

Constructure of this situation, and reversed phenomena of stance and status looks like quite the same.

Soon unless we replace from status to stance, from position to point view, returning to the original, we missed the train too late.

This one is one of current my answer to "how will it be? What shall we do?" and "What should we do?"

"Today, me, won` t make scrambling."

"Boss, today your eyes, hawk."
