芭蕉に倣う

On seeking for new way of little bit long Japanese "Haiku" style.

「芭蕉の俳句が手本。このコンセプトを活かし、今少しガイド的な言葉添えをした新しい 表現形式が出来ないものか?」

本書はその訓練に掌編小説を原稿箋3枚以内で書き表すトライアル・シリーズで御座います。

本編

2025/7/23 23rd July 25

(Japanese expression ver.)

「事前準備?」

(「あり得へん世界の先読み」行動?)

(English expression ver.)

"Prep.?" (under unbelievable, crazy forecasting?)

(Japanese expression ver.)

「事前準備?」(「あり得へん世界の先読み」行動?)

「四季のある我が国では**万**暑さ寒さも彼岸まで**万**と言うが、エアコンなしで、暑ければ暑いマンマ、寒ければ寒いマンマの生活が 2022 年夏以来、今年で早や4年。

石油の値上がりなんのそのって言う感じなのよね。唯、暑さ寒さが緩むお彼岸(秋は 9/23 冬は 3/23 が、通例)が待ち遠しい事は待ち遠しい」

「エアコン位つければいいのに。体に毒よ。お前さんくらいの爺さんになると、ひときわ」「もと勤めていた会社の上役が、米国の工場長から国内本社の本部長として栄転して帰国するに当たって、時差ボケ対策で、帰国1週間前から我が国の時間に合わせて睡眠をとるという時間調整していた話を本人から聴いて驚いた事があった。想像をダニしなかった話にかなりの衝撃を受けた。

「偉くなる人は違うな。先を読んで行動している」って。

以来俺も其れに倣って先読み行動をするようになった。別に偉くなる為じゃなくて、単に 畏れ入ったからだ |

「何の話してんの?」

「敢えてエアコンをつけていない理由。不測の事態に備えて身体を暑さ寒さにならしている訳。今はみんなエアコン当たり前だから、夏冬に関係なく年中快適温度で、体に負荷(ストレス)が掛かっていないでしょ?で、そうした無防備なところに、いざ不測の事態が発生すると、もうどうしようもなくなる訳よ。例えば地球温暖化に歯止めがかからんくなって、室内でエアコンガンガン掛けても37度まで下げるのがやっと見たいな事態。其れで、そうした事態に備えて、彼の上役同様、先読み行動して、体を慣らしている訳。多言語自動翻訳機の「ポケトーク」だって電池が切れたりUSB充電を電気が来なくて、できなくなったら、うんともすんとも言わなくなるんだよ。そう言う事、分ってんの?」「やっぱりお前さんてバカなンダカ、バカじゃないんだか、よくわかんないおひとよねぇ。でも、アタイ、そう言う「レアもん」嫌いじゃないんだけどさ…意外な事、言うから」「ハイ?

ワシはミディアム位の焼き加減の方が好きじゃ|

「ハイ?

何、オチャメぶっこいてんのよ。いい歳さらして。

ウケ狙いのオヤジギャグ、キモイだけだよ、お前さん」

「ムスッ!!」

「あれ?耳悪いんじゃなかったの?ちゃんと聞こえてんじゃないのよ、お前さん」 「悪口には、地獄耳が働くの!!よく覚えときなさい」

「じゃ、女のアタイと、一緒だ。♬女の耳は地獄耳♬だから今更覚える迄もないわよ」

あ、又耳聞こえなくなってる…やっぱり悪口だけ聞こえるみたい。フムフム…」

(English expression ver.)

"Prep.?" (under unbelievable, crazy forecasting?)

"4 seasons having type in our country, our Japanese proverb said heat up, cold down, until "Higan (=summer heat up, until end of Sept. winter cold down, until end of Mar. meanings)" , without AC (=Air Conditioner), in summer season, heat up is heat up, in winter season cold down is cold down, the life, starting from in summer/ 2022, very fast already 4 years had past. Like a oil cost up (in actual, payment for electricity, up), get no influent, no damage to us, no problem. But I hoped as soon as possible, the each season to come, autumn cool season, spring warm season,"

"AC is not so hi cost on you!! Please set it!! because less, bad for your old aged scrapped man!! especially for!!."

"The upper class boss of company which I former worked as a staff, at the time of returning back to domestic head office, from in US. factory top to as a head quoter top under position rank up in Japan, he had, as a prep. for "jet lag", starting time adjustment 1 week before returning to Japan, I heard of it from him directly, I got surprised and got shocked because until that time, I had no time to inspirate about it.

"To get turned to be upper class boss, the person level is quite different from our level." I supposed.

After it, from it, I have copied his custom. But it's not for own ranking up but because of simply got surprised and got shocked."

"What are you speaking about?"

"Dare, on purpose no setting AC, the reason I explained. Just I set a prep. for emergency time, against for heat up and cold down, adjusting for, training my body condition against them, by copying former boss custom, do you understand?

Current now, anywhere, anytime AC running is normal condition, so that no relevant with heat up season, cold down season, 1 year through, the same comfortable temperature, condition, people can get. From it no one get stressed on their body.

But to thus no guard condition, suddenly unexpected attacks hitting, what will happen? For example, due to the glove, planet warming, even if AC full running, inside house temp. the lowest bottom 37°C (=almost 99° F), thus the case will happen, we already have as a possibility in near future.

Therefore, to set prep. against for happening of thus emergency, as same as that former hi position class boss custom, as same as forecasting future accident, trying to be familiar with this bad condition, the training just now, going on.

Even if for multiple language auto translator, Japanese brand name "Pocke -talk" also, at the case of dry-battery gets turned to be empty, never can be charged USB charger from electricity consent, they no say anything, sure that no translation. Do you understand under thus situation, An?"

"Ax, you are crazy guy or not crazy guy, I can`t judge which you are!! But I don`t dislike such "very "rare" type guy" because sometimes unbelievable story staring."

"N?

I'm lover of "medium" grilled one, more tasty!!"

"N7

Never pretend to kid!! So hi age you are!! Mannerism, patterned bad gag is ugly!! Stop it!! hey you, Darling!!"

"Boo!! Secretly got angry!!"

"N?

You said you are almost deaf condition on your left ear or not? can you hear?"

"To bushing talk, standing hi level antenna up, and well running, catching it speedy!! Well memorize it!!"

"Well now, female woman me, the same!! "woman's ear has hi level catching ability to be bashed" the same. So that from now no need memorizing any more, already have."

"N2

Once more again, got turned to be no can hear of!! Sure that, my ear can hear of bashing talk only, looks like!!, hm, hm…"

(Japanese expression ver.)

「偶には当ててよ!?」

(English expression ver.)

"Sometimes, hit the point, would you!?"

(Japanese expression ver.)

「偶には当ててよ!?」

「要するに上から下まで「視野の狭さ」が災いしている。

世の中の動きは金の流れと人気取りの動きを見ていれば大体の見当がつく。

自分の都合や立場を脇に置いて、ひたすら客観的、科学的に見るのが最低条件で、実に 「自分の立場最優先」の生身の人間には難しい事なんだが…

結局その難しさが敬遠されて、お上から民迄、手っ取り早くて分かり易い目先の利益にばかり目が行きがちなる。そしてそれに熱中して他に耳目が行かなくなりる。他には何も見えないし、何も耳に届かない。

その為、今は最良の選択に見えるが結末は最悪の結果を招く様な見当違いな方向に猛ダッシュしていたりしていることが多々ある。歴史を紐解いて見ると。

処が悪い奴等はむしろ逆に、お上や我々一般ピーポーより「視野が広く、世の中の動きの メカニズムを熟知している」。認識や読みとしては的を射ている.

連中は人間心理のメカニズムや IT 関連のシステム運用にも長けている。

話は一旦それるが、現代では、実に細かいところに至るまで、検討が進んでいて、並みの 人間には検討項目が微に入り際に渡り過ぎて一目見ただけで、見るのを諦めるレベルだ。 例えば契約書を見ると分るが、その驚くべき分量と、中身が微に入り際に渡って書かれて いて、大抵の人は読まないが、いざ裁判となると「その細かい中に記されている事を読ま ない方が悪い」という事になって敗訴する。

詰まり連中の方が、遥かに根気がいい訳だ。現代において、お手軽簡単便利になれた諸氏から、けられて当然の事を、裏をかいて逆に取り込み且つ実行に移して、最終的には利益を独り占めにしている訳だ。そういう意味じゃお手軽簡単便利は、人から己が裏かき所業を見えなくする「煙幕」も同然。

即ち、隠し持った「勝利の方程式」から我々の目を遠ざけるために敢えてお手軽簡単便利 を推奨している側面が無きにしも非ずだ。

それに、根気も、作った仕掛けをセットした後、人知れず、10年間は耐え忍べるレベルだ。 「煙幕」は一旦上手く仕込めば10年間、似たようなものが使えている様だ。

我々が騙される 10 年も前に、「表のみんなが避けたがる、緻密で手間のかかる方法」を取て選んで、裏でひそかにセットし、10 年間知らん顔して、凡そ 10 年後にガッポリ利益を得ている訳だ。株で言う処の♬噂で買ってニュースで売る♬見たいなもんかもしれん。兎に角、認識にせよ、読みにせよ、仕込み時期の早さにせよ、手間暇を惜しまず敢えて面倒くさい事や処にせよ、全部、表社会の我々が敬遠する事を敢えて選んで、競争相手の少ない分野で利を得るのが常套手段みたいだ。恐らく全てに置いて裏社会の方が表社会を凌駕しているのかもしれない。

其れにこう言っちゃなんだが、悪党に残業規制アルカ?悪等に育休アルカ?悪党に「働き 方改革」しろって親分に言う奴いるか?というと、叉非難轟轟だろうが、要するんかれら の方が案外、制約ない訳なのよ。意外な事に。但し全部出来高払いの能力給だけど。

是のままじゃ我々は彼らの掌の上で踊らされるだけで勝てっこないだろう。

となると、連中に勝つ為には、こちら側も「視野を広く、もって世の中の動きのメカニズムを熟知」するのと同時に「面倒くさい事を面倒臭がらずに、かなりの期間、持続できる根気を養い」それを善用する以外になかろう。それを怠って「お手軽簡単便利」にのめり込めばのめり込むほど、相手を増々儲けさせる事になる。詰まりこちら側は増々損をするいう事だし

「でもみんなそう言う自分であれこれするの嫌いなんでしょう、皆。お手軽簡単便利で、 結果が**月**すぐ出る、良くでる、安く出る**月**じゃないと、皆…全然ニーズに合ってないから 無理なんじゃないの?**月**絵に描いた餅**月**的に…」

「其処なのよねぇ、問題は…。なかなかツボに当たらなくて…」

「そりゃそうだよ、お前さん、大抵はあと1センチ、コアに届かない事も多いから、ま、ムリかもね。大抵、スカ!!なんだよね、残念な事に…偶には当ててよ、お前さん!!」

(English expression ver.)

"Sometimes, hit the point, would you!?"

"On summarized simply, from top class to bottom class all people has so "narrow of perspective", that it causes many unhappy troubles, might be I suppose.

The main flow under human society can be grabbing, can be forecasting almost of all, by watching, monitoring at flow of money and flow of tracking after popularity hunting.

Once to put it aside, it means that convenience for own, position of own standing, minimum condition has to set. The minimum condition is focusing to watch and judge from objective, scientific perspective only. But it's really difficult requirement for human who is likely to take an advantage about own matter.

Due to above difficulty got passed through, from gov, to people, all, current can be seen, in front of them, the harvest tracking after only. Already no can be seen, no can be heard of anything because of too much concentration of tracking after target.

From it, we have so many cases of that at the first, at current now, it looked like the best choice for our harvest getting, but as the final result, will fall into the worst situation, in other words, toward wrong direction aggressively strong dush, rushing into. From checking the left cases by history records, so many similar cases, easily can find them out.

But oppositely, dark, dirty guys have, concerning to perspective, recognition "more wide perspective, more deep recognition to the mechanism of this world flowing", rather than gov. readers or we general people more. And their ones hit the points.

Thus dark, dirty teams well know mechanism of human mind flow, or way of IT system operation, also.

From now, I'll take a little bit side road story, sorry, below,

In current modern era, to get followed to so tiny in detail matter, the level is so too much in detail that general people, at one glancing, from the first, they give up.

For example, on contract papers (or "book"), that unbelievable amounts, and that unbelievable which reaching to tiny detail, the level, even only once glancing at, maybe stopping to read or check, no read, no check, might be.

But in the case of competitive fighting at the regal court, the contract gets turned to be important evidence, important point for regal judgement. No to read side, no to check contract side is wrong. Winner is contract making side!! Will get judged.

On summarized, their side has much more ability for keeping patient.

Under in our current human society, the ones who already got familiar with "easy going way" disliking hard effort required way, by reversed using, simply saying, they have done it, they

get so huge earnings. In this meaning, "easy going way" appealing is the camouflage for hiding reversed choice, and to have done it secretly, the same, looks like.

From reversed perspective, for scamming their hidden secret "formula for getting a win", dare, on purpose, by reversed one, taking of "easy going way", they might be recommending, advertising might be, for be inviting toward opposite direction.

And the ability of keeping patient, is keeping long term can be, the level which, after setting the trick, trap, continuing the situation no one knows it, but can keep patient during the term of 10 years long, the level.

Thus similar type camouflages can be used during 10 years long, once well set, looks like. 10 before when general people get scammed, already dark, dirty persons had set trick, trap secretly, hiddenly by the method which current normal type persons are likely to reject or dislike, difficult, hand-easily-troubled one on purpose selecting, behind in backyard secretly had set up over, during 10 years long, while wearing unknown anything face, about around 10 years later, these guys will get so much earnings, profits, the story. According to stock market professional terms "at the rumor timing, to buy. At the news on timing, to sell out" like that, the same, might be. Anyway, or recognition level, or forecasting level, start of setting time, in so early, or dare doing difficult, complicated, troublesome matters, anyway all items, which we normal type general people we are likely to reject or dislike, on purpose selecting, on competitors very few field, acting and getting profits, the pattern always, looks like. probably, on almost of all items, dark shadow society power level might be higher rather than shiny under daylight society power level, might be, might be.

And below my saying might be bushed,

Gang has extra hours limit or not? Gang has family supporting system or not? All salary payment is for their have done a result only.

Staying in our normal condition, we shiny open society people never can get a win to dark dirty society teams, like a, the wife's palm, dancing husband, the same as.

Sorry, above analogue, will reset!!

From it, for getting a win against them, clear over them, our side also that "concerning to perspective, recognition " more wide perspective, more deep recognition to the mechanism of this world flowing", rather than gov. readers or we general people more. And their ones hit the points." And at the same time that have to feed below behavior "their side has much more ability for keeping patient.", and thus all to copy and $+\alpha$ attaching one we have to use for goodness, it's the only way to be left. If getting lazy to have done the left matter, instead of non lazy, in the case of rushing into taking "easy going way", it'll invite their side rich man, our side money poor!!"

"But, everyone dislike to do thus effort by own self or not? they hope only "easy going way",

only or not? your recommendation is unmatched to their needs or not? Is it over requirement for them or not? no hitting the point core or not?"

"Yes, yes!! The trouble core, it is!! Always out of point core, hitting…me!?"

"Sure that, sure that, hey you, Darling!! Because almost of all cases, yours not reach to my final core, the point!! Always not enough!! Sometimes, hit the point core, would you, hey you, Darling!!"

(Japanese expression ver.)

「作る」と「育てる」

(English expression ver.)

"To make" and "to grow(plants)/
to bring them up, (human resources)"

(Japanese expression ver.)

「作る」と「育てる」

「作るのと育てる。作物にせよ人にせよ、ナマモノを育てる方が遥かに難しい気がしてきた。

「作る」というのは、ある意味、作る側の一方的な行為だが、「育てる」というのは、相手の個性や事情、言い分があって、相手と対話しながら、折り合いながら進めないといけない処があるようで、なかなかムツカシイと思い始めた。

簡単に言うと、一方的には進められない、押し付けは出来ないという事だ。

ウチで言えば、作物は本社庭のジャガイモ、人はアジア系外国人財。

予期せぬことの連続で、そりゃもう大変。一筋縄には全くいかない。将に「海図なき航海」 そのもの。

「作る」というのは、今迄作り手が得た成果の結集、最終段階みたいなところがあって、 むしろ「過去」に属する「過去遺産」のような気がするが、「育てる」というのは、将に これからがスタート。何処まで伸ばせるかという「未来」に属するモノ。謂わば「未来産 物」

♬労多くして成果少なし♬というリスクはあるが、一方では「どのくらい大化けするか?」

という楽しみもある。百発百中の保証はないが、大化けした時の喜びは叉、一塩かも。 譬えて言えば、株式用語の「テール・リスク」(滅多に起らないリスク。しかし起ったら 大変な事になるリスク)ならぬ「テール・リッチ」。無論「灰色のサイ」(普通に起る、予 測可能な範囲のリスク)であろう筈はないが、所謂「ブラック・スワン」(滅多に起らな い事の譬え)ならぬ「ブラックジョークではない」「トンビが鷹を産んだ」(並が秀を産む 事)如き事態。ヤ~、目出度し、めでたし、だわ」

「ん?めでたいのはお前さんのアタマじゃないの?」 「ムっす~。

で、それを跳ね返して一句。

『五正月は、冥土の旅への一里塚。目出度くもあり、目出度くもナシ』』』』がでたさも、中くらい也、おらが春』ま、何事も「中庸」(「妥協、当り障りなく」ではなく、「常に偏りなく」の意)が肝心かと…」

「ん?全然つながってないジャン!!ナニも跳ね返ってこないよ、お前さん」 「偶にはそうスカもある。許せ!!」

「この人、ほんとに「何でもアリ」だわ@@:::::。ついて行けん。70 年経っても、全然育ってない、何も学んでない!! こう言う手合いは、ほっとくに如かず、だわ。 どうするとこういう珍現象が起る訳?え、お前さん!!|

(English expression ver.)

"To make" and "to grow(plants)/to bring them up, (human resources)"

"To make and to grow/to bring up. Or food material plants, or human resources, growing up, bringing up "raw rare" one is much more difficult than making something of not raw rare one, I got turned to get supposed.

Making means that from some perspective, only one way action from making side, growing up/bringing up has stepping further, while communicating, discussing with objects, other human, so that I got turned to suppose it`s difficult of stepping further more.

By simply saying, never can take only one way pushing, never can take only one side game style!!

In the case of our company, food material plant is potato planted in our head office garden, and human resources are Asian race foreigners.

Due to unexpected happening series, it's just unbelievable hardness!! Never can operate, never can control, smoothly. Just like a "navigation map less cruising"!!

I suppose. "to make" might be belonging to past time because made things looked like whole totalized result of maker side can reach. In other words "heritage/legacy in the past time"

but "to grow up/to bring up might be belonging to future time because from now start and from now begin to build. In other words "product in future time". Still no one knows what will happen, how far to reach to, anyone don`t know. So that no guarantee, but in the case of hit, huge one will come out, the possibility there, very big amusement.

According to stock market words, "tail risk", but in this case, "tail rich". By using other analogue phrase, "black swan", in this case, it`s not like a "black swung one",

"a chicken(=tiny) gave birth an eagle (=great).", Wow, happy end, happy end!!, is."

"N? Always, "happy come, come" phenomena happens only in your brain, merely only or not?"

"Boo!!

Then a, as a counter punch, Japanese proverb, I'll present it for you!!

A happy new year, first 3 day is mile stone of journey to Hades, so that happy or not happy. A happiness is middle level, for my mind, in this spring. A"

Anyway, anything is "to keep to reject the leaning to one side perspective, or to reject prejudice always", above proverbs, the meanings."

"N? your saying proverbs is not linking to anything about you said, "counter punch" against me!!"

"Sometimes happen thus mis, thus out of hit the point, I have the possibility, sorry!!"

"OMG!! I have no ear to hear of your non sense talk show!!"

(Japanese expression ver.)

「逆転の発想?一理あるかも…?」

(English expression ver.)

"Reversed perspective?

One logic might be staying…?"

(above: Not "Judo" but "Aikido" (meanings is "vasa versa, to well use attacker`s power" in Japan)

例えば、「引手返し」(for example, called "Hikite-Gaeshi (attacker's arm, catch, and attacking accepts, after it, reversing attacker's arm. Naturally attacker from own side, get own body reversed for removing from twisted own arm to normal position. Therefore Attacker's power stronger, better for receiver because of well using attacker's power.)

(Japanese expression ver.)

「逆転の発想?一理あるかも…?」

「歳をとって体力がなくなったからと、そう決め付けて体を使わないと、増々体力が衰える。少し無理をしてでも、敢えてキツイ方向に舵を切った方が結果的にはいいような気がする。言うなれば対応キャパの拡大だ。こういう場合は**月**大は小を兼ねる**月**が、当てはまる。以前言ったのとは違って。こう言うのはケースバイケースだ。すまん。さて、以下は俺の「うつ病脱出大作戦」からの教訓だ。

「これ以上の負荷には耐えきれない」周りも「これ以上の負荷を与えたらこの人、持ちそ うもない」と負荷軽減の方向に傾く。

しかし是はある意味、対症療法でしかない。むしろその負荷軽減策が結論(最終宣告)を 先延ばしにするだけの延命策にしかなっていない場合が多い。落下の途中で引っ掛かって、 そこから這い上がっただけだから、這い上がった処より下の、もっと重度な、もっとどん 底に近い事態が発生したら、為すすべを知らないので、またぞろ地獄へ逆戻り。だったら いっそどん底へ一刻も早く行って、見切りをつけ、方向転換した方が身のための様な気も する。中途半端なところまでしか行ってないのに恰もすべて解決した様な気休めは、本人 に気を持たせた分、却って罪作りなんだよ。元に戻った処で「出戻り」扱い。だったら方 向転換して新しい道で「パイオニア」になった方がいいとおもうんだがなぁ。

コロナ禍で補助金バラまき捲ったが、結果、コロナ禍が終わっても客足は戻らず、補助金は単なる、一時の息繋ぎ、延命支援資金でしかなかったのと結果は同じだ。補助金で生き残ったはいいが、コロナ禍以前の様な客足が戻らず、結果、コロナ禍明けに倒産。将に延命支援金でしかなかった訳よ。だったらゼロゼロ融資なんか借りないで、実力なく潰れるんだったら、とっとと潰しちゃった方が自他共々の為ってもんの様な気もする。コレマタ早い処見切りをつけて、方向転換した方がいいような気がする。上記2例は同じ話だ。むだは省いた方がイイ。

特に後者に関しては、基を辿れば、資金の融資元って、結局は倒産当事者以外の国民の税金だろ?お上は其れを分配しているだけなんだから、返済できなければ、当事者の要求に従って貸してくれたお上に悪いんなじゃなくて、税金を支払っている他の国民に悪いんだよ。潰れた店の亭主は「被害者」面しているけど、他の国民に対しては、0-0融資を受けて、返済しなかったんだから、借り逃げした「加害者」側なんだとも言える訳よ」

「お前さんも、モテない、モテないと言いながら、いつの間にか女、とっかえひっかえ。 結構お前さん自身、可成りの加害者なんじゃないの?」

「あれはあれ、これはこれ。**♬**甘いモノには別腹**♬**同様の原理なのよね。特にお前は、別格別腹なのよ」

「**♬**豚もおだてりゃ、木に登る**♬**ってか?アタイはブタじゃない!!ブースカ、プースカ。 ブヒブヒ!!」

(English expression ver.)

"Reversed perspective? One logic might be staying...?"

"Due to getting aged, due to getting body power down, thus get fixed by own or from common sense, in the case of no using own body, it might invite more adding ages and body gets more stains(=rusts), I suppose. If it`s so, against, on purpose, opposite direction, more

to hard condition, to get turned the rudder, it might be better, I suppose also. in other saying, capacity up!! in this case, f big covers small f, is. I's different from former my advice, it's case by case, sorry.

Well now, below is my wisdom which had gotten from experience of escaping from mental disease.

"I can`t accept thus level stress anymore" and arounds also "this guy looks like, already max level against current stress." From it, they or we manage to move towards stress reduce. But it`s merely only symptomatic therapy something. Rather, we have so many cases that, to manage to move towards stress reduce gets turned to be that result (=announcing of final judgement to patient oneself sending (=passing over to)further future. On the way of falling, get caught on, and only even though from there climbing up only, so that from there, at the time more under condition, the one didn`t know, didn`t experience, if more under, more near to hell bottom events attack the one, the one can`t know how to against, how to escape from it, at the final, the one might touch out!! might be. From it, compromised, not enough to reach, the comfort to the one, rather, as to make the one get loosen, for the one, rather, it might get turned to be betraying for the one.

Tentative, even if the one can get success to return to the former, the one will get called "boomerang guy" only, if it's so, rather, to search new field, to go for new direction, might be called "pioneer", the better choice might be.

Under covid-19 disaster, gov. had spread the supporting money out to companies, however, after covid-19 disaster had gotten over, former customer no got coming back, supporting money got turned to be the tool which announcing of final judgement, announcing of their bankrupt passing over to future, the same.

Above both 2 samples is almost the same. "it's better to reject the waste" I'd like to say. Especially about the later one, for researching, tracking after the source of offering the money is anyway except loaned money people, other national people's money or not? The performance of Gov. is merely only providing. If it's so, as no can repay, the apologizing object of the one who loaned the supporting money, is not for gov. but for other national people, other tax payers or not?

The bankrupt side owners are wearing "bashed side face", oppositely, as the owners were no repaying even if rate 0-0, loaned funds we can call them "bashing side guys", can define them also."

"You always complain " no popular, no popular with women, but in real under, unknown, Dig a girl, dig a girl, chick magnet behavior, chick magnet behavior, change your side one, change girl friend. Change, change, change!! You also might be "bashing side" guy or not?" "That way is that way, this way is this way!!
[5] (even if after stomach got stuffed), for sweets,

I have another stomach (no problem) f like this Japanese proverb, above double standard is the same formula. But especially you are my, for "special position another stomach one"!!" "f Even if a pig, to get flattered, climb a tree up to the top of tree f in Japanese proverb said, I know. But I`m not a pig!! Boo, boo!! Oink, Oink, Boo!!"

著者プロフィール) Writer`s profile.

うときゅういっき(writer`s name utokyu ikki or Khazu san)

本名 宇都宮一貴 (うつのみや かずたか)

1953 年東京生まれ(was born in 1953 in Japan.)

早稲田大学第1文学部露文学科を2回留年の後、卒業。

国内電機メーカー家電製品商品企画部に 20 年間勤務。同子会社経理部等に 16 年間勤務。 40 歳から 52 歳まで 12 年間うつ病を罹患。

左遷、リストラ、降格、離婚、家族崩壊等を経験。

定年後、株式会社うとQを設立(After retirement from Toshiba, established, "utokyu corporation" in 2014)

現在主業はネパールカリー屋。(Now main business Nepali curry restaurant, "Namaste everybody" owner)

趣味は観察すること、考えること、書くこと、盗撮はしないスマホ・カメラの四つのk。 著者名は苗字、宇都宮一貴の音読みで、中学校時代の仇名。

宇宙の「う」

東京都の「と」

宮殿の「きゅう」

数字の「いち」を詰まり音便で「いっ」

貴族の「き」

で、うときゅういっきとなります。
